DYNAMITERS MUST PROCURE NEW BOND

Federal Judge Holds That the Bonds of 14 Defendants Are Invalid.

COUNSEL INSOLENT, HE SAYS

Judge Tells Defense's Lawyer He Will Put Him Where He Needs Bail If He Repeats Offense—Ruling of Court

Indianapolis, Nov. 27. — On the ground that their present bonds aggregating $105,000 were indemnified and therefore invalid, 14 of the 45 defendants in the "dynamite conspiracy" trial were instructed by the Federal Court today that "within a reasonable time" they must procure a new bond or remain in jail in the intervals between sessions of the trial.

The court held that as it was on the eve, of a holiday he would not enforce his ruling tonight, in which event attorneys for the defense said the defendants must inevitably have to go to jail, for new bonds could not be had on short notice.

Three other defendants—Herbert S. Hockin, Edward Smythe and James E. Ray—have been confined in the county jail in the custody of Federal officers for several days because they were unable to furnish bonds aggregating $15,000.

In the argument over the point Federal Judge Anderson accused Alfred R. Hovey, of the defense's counsel, of being "insolent" to the court, adding, "If you repeat the offense I'll put you where you will need some bonds."

At first District Attorney Miller included Frank M. Ryan, president of the International Association of Bridge and Structural Iron Workers, and John T. Butler, vice president of the union, among those whose bonds, he said, were indemnified, but later attorneys for them announced that the indemnity had been withdrawn and the bondsmen alone now were responsible for the appearance for these particular defendants. Mr. Miller intimated that some time before next Saturday might be the limit on which the men may remain at liberty on their present bonds.

Judge Anderson ruled that a bondsman who was secured against liability either by a defendant or by a third person, had no interest whether the defendants appeared and that indemnified bonds were "against public policy."

Those whom the court ruled must furnish new bonds "or be taken in custody." are:

Frank C. Webb, New York; Clarence E. Dowd, Rochester, N. Y.; William K. Benson, East Golway, N. Y.; George Anderson and Peter J. Smith, Cleveland; Hiram Cline, Muncie, Ind.; Spurgeon P. Meadows, Indianapolis; Daniel Buckley, Rock Island, Ill.; P. A. Cooley, New Orleans; F. J. Murphy and Charles Wachtmeister, Detroit; F. K. Painter, Omaha; Henry W. Legleitner, Denver, and J. E. Munsey, Salt Lake City.

When the district attorney announced he would insist on new bonds, Senator J. W. Kern, for the defense, said it was on the eve of a holiday and it would be impossible to procure new bonds at once and it would work a hardship, "for the defendants were not going to run away."

"It is clearly against public policy to accept indemnified bonds and if that's the law, I'll have to enforce it whether tomorrow is Thanksgiving Day or not," said the court.

Later, on appeals from the attorneys, Judge Anderson said he would allow a reasonable time to procure the new bonds.

During the cross-examination by Senator Kern of Ortie E. McManigal, Attorney Hovey interrupted the proceedings by saying:

"Your honor, I want to call your attention to the district attorney giving signals to the witness by shaking his head. District Attorney Miller: "I was doing nothing of the sort."

Judge Anderson to Mr. Hovey: "Sit down. I can see when there is anything going on here."

Later in the argument over bonds Judge Anderson asked Mr. Hovey who had put up $10,000 to his law firm as security for certain bonds. Judge Anderson held that Mr. Hovey's answers were "evasive" and added:

"I have had enough of your insolence and if I hear any more of it in this court, I'll put you where you will need some bonds."

A marshal was ordered to compel Mr. Hovey to sit down.

DRAIN IN MONEY.

Financial Market Stiffened by Heavy Shipments of Gold.

New York, Nov. 27—Gold shipments amounting to $400,000 to San Francisco and Canada through the local subtreasury and direct shipments of currency to interior banks tended to stiffen the money market again today. The opening rate was 9 per cent., as against yesterday's closing of 3 per cent. The rate then fell to 8, but speedily went back to 9. Clearing house banks have lost fully $8,500,000 to the sub-treasury on the week's movement. The drain may be offset in part by receipts from the interior.

HYDE TRIAL NEARLY ENDED

Summing Up in Noted Case Postponed Till Tomorrow—Robin Takes Stand for Second Time and Ridicules Alienists.

Library of Congress

New York, Nov. 27.—The trial of former City Chamberlain Charles H. Hyde was concluded tonight with the exception of the summing up, which was put over until Friday. Efforts to expedite the trial so the jurors might spend Thanksgiving at home failed because the State consumed considerable time today calling witnesses in rebuttal.

The feature of the day was the reappearance of the State's chief witness, Joseph G. Robin, former head of the Northern Bank, who has testified that Hyde forced a loan of $130,000 from the bank to the Carnegie Trust Company in 1910, by using his control of city deposits as a club.

Robin has been declared insane by alienists called by Hyde's lawyers. On the stand today he testified he could not recall as truthful a number of the delusions which the alienists attributed to him two years ago and which some of the experts declared still afflicted him. He said the alienists had put many of the statements attributed to him into his mouth. Some that he did admit were merely the result of a breakdown following his financial worries, he asserted. Dr. Ira O. Tracy, an alienist called by the State, testified to his belief that Robin was sane.

Testimony was adduced later in the afternoon by the prosecution in an effort to overcome the alibi Hyde had attempted to establish. Hyde swore that on the night of August 22nd, 1910, he did not meet Robin as Robin had said he did.

Thomas F. Murphy, former assistant postmaster, testified that on this night he was invited to Robin's apartments for dinner. He said Robin got a telephone message and immediately afterwards the two went to the Carnegie Trust Company office. Robin left there soon afterward, Murphy swore, and returned in an hour and a half. On their way uptown Robin said he had been to Hyde's office and had made a big deal, according to Mr. Murphy's testimony.

COTTON CORPORATIONS.

Plans Take Shape for Re-Financing Big Textile Company.

Baltimore, Nov. 27.—Plans for a refinancing of the International Cotton Mills Corporations, the world's largest manufacturers of cotton duck, took shape here today.

In brief, they provide for the organization of a new company under the laws of Massachusetts with a capital of $14,000,000 common and preferred stock and an issue of notes of between $5,000,000 and $6,000,000.

The $2,000,000 in outstanding notes of the present company are to be retired.

The purpose of the plan, it is stated, in effect is to provide additional working capital.

S. Davies Warfield, chairman of the board of directors of the corporation, said that it was premature to make any official announcement in connection with the matter, but he gave in a statement some of the plans as far as they had gone. He said:

"The plans proposed provide: A new company under the laws of Massachusetts with capitalization approximately as follows: $2,000,000 7 per cent. first preferred stock (cumulative); $6,400,000 6 per cent. second preferred stock (cumulative after three years), and $5,600,000 common stock.

"An issue by the new company of $5,000,000 or $6,000,000 three year 6 per cent. gold notes, the $2,000,000 outstanding international notes to be retired."

Mr. Warfield said that the plans also contemplate that Boston men of high standing both in financial and textile circles would be on the board of directors of the new company and active in its management.

REQUESTS INFORMATION.

Money Trust Committee Calls on Controller of Currency.

Washington, Nov. 27.—Another request from the House Money Trust Committee for information from the Comptrolled of the Currency regarding banks and banking conditions for use in its investigation today brought up whether the comptroller has the right to supply the committee with the names of the stockholders of National banks. Some treasury officials were inclined to believe that this may be within the comptroller's legal power on the ground that such information is not confidential.

President Taft, within a few days, it is said, will decide this question and the several other requests of the committee for information.

Today's request was made by Samuel Untermyer, counsel for the committee, who also asked for data regarding securities and a list of banks with trust company adjuncts. Some of this information, it is declared, the comptroller does not possess.

GRAIN DEALERS' CONFERENCE.

Will Discuss Legislation Towards Abolishing Dealing in Futures.

Nashville, Tenn., Nov. 27.—Charles D. Jones, president of the Grain Dealers' National Association, today announced a conference of all grain exchanges of the country to be held in Chicago, December 16th to discuss proposed legislation directed toward abolishing the practice of dealing in grain for future delivery.

A bill with this object in view has already been prepared for presentation to the next session of Congress.

OUST FOGEL FROM NATIONAL LEAGUE

Magnates Find Philadelphia President Guilty of Grave Charges.

SAID THE RACE WAS FIXED

Fogel is Defiant and Will Take Decision to the Courts—Is Forever Excluded From National League Councils.

New York, Nov. 27.—Horace S. Fogel, former president of the Philadelphia National League Baseball Club, is forever excluded from participation in the councils of the National League. This was the decision of the magnates of the league after six hours' consideration today of the charges that Fogel had made statements reflecting on the integrity of the National League. Of the seven charges the club owners found the former president of the Philadelphia club guilty on five and dismissed the other two as relating to published communications.

Mr. Fogel had no sooner read the decision than he countered it with a defiant statement. Before the meeting began he had expected such a decision, he declared. "The jury was packed against me," he asserted, and he practically told the magnates who had expelled him from their councils that he would pay no attention to their findings.

"I will sell or represent as I please the Philadelphia club in the National League as long as I feel inclined to do so," he declared, "and no one can disturb me from doing so."

Mr. Fogel said that his attorney, Mr. Shields, had suggested to him after hours of discussion that he would withdraw and resort to the courts on "the grounds that there was a baseball political conspiracy against me to get some one else."

"I said," Fogel explained, "that I owed it to my baseball reputation, which I consider spotless, to fight the case to the finish. I procured witnesses on each charge to refute overwhelmingly the testimony of the opposition.

"The entire affair is National League politics. Fortunately my constitutional rights are safeguarded in common law and the result of the verdict of the packed jury against me does not affect my property rights in the future."

President Wiler, of the Philadelphia National League club, refused to vote on the charges against his predecessor on the ground that the league lacked jurisdiction in the case. He said, however, that he endorsed what was said as he thought baseball ought to be conducted on the highest principles of integrity.

All the clubs in the league were represented today and all voted to sustain the five charges against Fogel except the Philadelphia club. No testimony was taken today and the league representatives went into executive session immediately after convening. At no time, it was said, was the verdict in doubt.

The charges on which Fogel was found guilty were in brief that he had accused the St. Louis club of placing its weakest team against New York; that he had verbally attacked the integrity of the National League race of 1912, and intimated that the race was "crooked", at the same time charging that National League umpires had given all close decisions to the Giants; that in an article in the Chicago Evening Post, under date of September 28th, Fogel had made accusations against President Lynch and charged his umpires with collusion; that in a letter dated October 12th, which Fogel sent to the other seven National League club owners, he declared the league race of 1912 was not honest and that President Lynch and his umpires were incompetent and that Fogel had made verbal and written charges reflecting upan a National League umpire.

The specifications which were not sustained included a letter from Fogel to President Lynch and a telegram from Fogel to President Herrmann, of the Cincinnati club. In both of these communications it was charged, Fogel contended, that the umpires were "crooked", and that the Philadelphia team was getting a "rotten deal."

Negotiations for the exchange of some Cincinnati players for Shortstop Tinker, of the Chicago club, were still going on tonight and a final conference of the interested parties in the deal will be held tomorrow.

A report today that the deal was off was denied.

A representative delegation from all the National League clubs will leave here tomorrow evening to attend the funeral of the late John T. Brush, at Indianapolis on Friday.

New York, Nov. 27.—Negotiations looking to the trading of Joe Tinker, of the Chicago National League team, to the Cincinnati Nationals are off. This announcement was made today by President Murphy, of the Chicago club. If the trade had been consummated it was understood Tinker would manage Cincinnati.

ENVOYS SEEKING BASIS FOR PEACE

Tension in Balkan Crisis Relieved by Negotiations for Armistice

DANGER IS STILL SERIOUS

England and Germany Are Co-operating to Prevent Hostilities Between Austria and Servia—Turks Strengthened.

London, Nov. 28.—The tension in the Balkan crisis is relieved by the news that the peace plenipotentiaries are continuing their negotiations and that Great Britain and Germany are working actively to gain a peaceful settlement between Austria and Servia.

According to one Constantinople report the difficulties of arranging a formal armistice are so great that the negotiations are taking the form of seeking a basis for peace.

The danger of the reopening of hostilities, however, is still serious. Apparently only an informal armistice of 48 hours has been agreed upon, and it is reported that the Bulgarian forces are already moving closer to the Tchatalja lines and entrenching themselves inreadiness to renew the attack.

The Turks have an army of over 100,000 and soon will have 130,000 for the most part fresh picked troops, behind the lines, and it is certain, according to all the correspondents, that they will give a good account of themselves, if fighting is resumed.

Under these circumstances, with Adrianople and Scutari still holding out, Turkey is little likely to show a very yielding attitude in the peace negotiations.

The report that the Servians have reached Durazzo appears to be premature. A wireless dispatch of today's date brings the interesting news that Albanian independence has been proclaimed there; that the Turkish governor is preparing to depart, and that the town is accepting without opposition the new regime.

What attitude the Servian army and government will assume toward this development should afford some idea as to whether, as reported, Servia is willing to accept the suggestion of an autonomous Albania.

The greatest weight is attached in the diplomatic world to the seemingly well authenticated report that Great Britain and Germany are now acting in cordial co-operation on the basis of postponing all side issues until after the Turkish-Balkan war settlement. A reassuring statement also comes from St. Petersburg, that Russia and Austria do not desire to fight over a port in the Adriatic.

Thus what appeared to be an imminent danger of Europe being divided into two hostile camps seems to be dissipated for the time being at least.

Austrian Fleet to Durazzo

Paris, Nov. 27.—Austria has decided to send a squadron to Durazzo on the Adriatic sea before it is permanently occupied by Servia, according to a Berlin dispatch to La Liberte. She also will make a military demonstra-

GOV. DIX PARDONS ALBERT T. PATRICK

Was in Sing Sing for Life for the Murder of Wm. Marsh Rice.

GREAT FIGHT FOR FREEDOM

Governor Grants Pardon on Account of "Air of Mystery" in Noted Case—Was Originally Sentenced to Death.

Albany, N. Y., Nov. 27.—Albert T. Patrick, who is serving a life sentence in Sing Sing prison for the murder of William Marsh Rice, an aged millionaire, in New York City, on September 23, 1900, was pardoned tonight by Governor Dix.

Patrick, who was saved from the electric chair by the late Governor Higgins in December, 1906, has made a remarkable fight for freedom. A lawyer by profession, he protested when Governor Higgins commuted the death sentence to life imprisonment, declaring that the Governor had no legal right to cancel the original sentence and impose a punishment of life imprisonment.

"There has always been an air of for the millions left by the aged man ernor Dix said, quoting from the minority opinion of the Court of Appeals. 'The atmosphere that surrounded the defendant showed that a fair and impartial trial was scarcely possible.'

"I trust that Mr. Patrick will devote his energies to a complete vindication of his declared innocence.

"During the past year, I have given much consideration to this case and am convinced that the defendant is entitled to have a full pardon."

Governor Dix said Superintendent of State Prisons Scott and scores of prominent citizens appealed to him in Patrick's behalf. The pardon was mailed tonight to Warden John S. Kennedy, of Sing Sing, and Patrick may be released upon its receipt.

It is said Patrick plans to leave for St. Louis, the home of John F. Milliken, his brother-in-law, but may return later to New York as a claimant for the millions eft by the aged man with whose murder he was charged. Mr. Milliken aided Patrick in his fight for freedom and it is reported will assist him in his efforts to prove his innocence. At no time during his long incarceration in Sing Sing, four years of which were spent in the death house, has Patrick given up the hope of gaining his freedom. Letter after letter has been received at the executive chamber urging that he be pardoned and each successive Governor since Governor Odell has been asked to extend executive clemency.

Governor Higgins was so impressed with the prisoner's plea that he granted him three respites and eventually commuted his sentence from death to life imprisonment.

Patrick was charged with having brought about the death of Mr. Rice not by his own hand, but through the agency of Charles F. Jones, a valet employed by Rice. It was principally upon the testimony of Jones, who confessed having administered chloroform to Rice at the behest of Patrick while Rice was asleep, that Patrick was convicted.

Jones escaped punishment, and has long been able to hide his identity from the public. At last reports he was said to be in Texas.

In saving Patrick from the death chair Governor Higgins gave these reasons:

"It is not claimed that Patrick committed the murder in person, but that he procured the act to be done. He has been convicted principally upon the testimony of Charles F. Jones, who confessed that he murdered his master while he lay asleep, instigated by Patrick, and Jones by his testimony has purchased his own immunity from trial or punishment. Neither this fact alone nor the review of any question of fact already passed upon by the courts at some stage of these proceedings would seem to me to warrant interfering with the judgment of death pronounced against the defendants, but three of the seven judges of the Court of Appeals were so strongly of the opinion that errors were committed at the trial which were substantially prejudicial to the rights of Patrick, that I feel that the death penalty ought not, under these circumstances, to be inflicted."

Patrick was sentenced originally April 7th, 1902, to die the week commencing May 5th, and was immediately taken to Sing Sing death house. An appeal was taken and on June 1st, 1905, the conviction was affirmed by the Court of Appeals. The court later denied an application for a re-hearing and fixed the week of August 25th, 1905 as the date of execution. Former United States Senator David B. Hill argued Patrick's case before the Court of Appeals and Patrick was brought to Albany from Sing Sing to hear the arguments. Eventually the case was taken to the United States Supreme Court, which dismissed the appeal for want of jurisdiction.

The commutation of Patrick's sentence by Governor Higgins, did not end the legal fight. Patrick contended that the sentence of death had been commuted against his wishes and contrary to law and that he was being illegally detained in prison.

"The punishment of life imprison-

CASH REGISTER CASES.

Detroit Salesman Tells of "Knocking" Out Rival Machines.

Cincinnati, Nov. 27.—With Henry G. James, the Detroit salesman, the Federal government's first witness still on the stand, another day's hearing of the case of John H. Patterson and 29 other officials or former officials of the National Cash Register Company, charged with violating the criminal section of the Sherman anti-trust act, took place today.

James was on the stand when court adjourned until Monday. During his testimony today a number of articles were read from National Cash Register magazines.

That 174 rival registers had been "knocked out" in a single month; that "knockers" albums were used to show defects in other machines, and that "knocker" machines were built by the National company, were among the many excepts contained in the magazine articles that were read into the court records today.

James testified that National salesmen in Toledo "knocked out" other machines without any gain to themselves or to the National company. During his testimony at this point, another National Cash Register magazine article was read, in which the details of how the Kansas City representative of the National company "knocked out" 25 competing machines were given.

TALKS OF DINNER.

Wilson Told Lady Bullock Stories About Bermuda.

Hamilton, Bermuda, Nov. 27.—President-elect Wilson, in speaking today of last night's dinner with Governor General Sir George M. Bullock, at which he, Mrs. Wilson and two of their daughters were guests, said:

"It is a singular thing that I entertained Lady Bullock with stories about Bermuda as though I were an old-time resident."

Sir George and Lady Bullock are recent arrivals in the island, Sir George having been appointed Governor General in April this year.

CONFERENCE MEETS IN FAYETTEVILLE

First Day's Sessions of North Carolina Methodists Yesterday.

BISHOP DENNY PRESIDING

Conference Historical Society Addressed by Rev. T. A. Smoot—Standing Committees Named —Causes Presented

(By Mamie Bays.)

Fayetteville, N. C., Nov. 27.—The North Carolina Conference of the M. E. Church, South, convened in Hay Street church this morning at 9:30 o'clock in its 76th annual session, Bishop Collins Denny, of Richmond, Va., presiding.

The Bishop conducted the sacrament of the Lord's supper with which service the conference began, in keeping with a custom of long standing in this conference. Assisting Bishop Denny in the distribution of the elements were the following members of the conference: Rev. J. D. Pegram, Stedman; Rev. J. T. Gibbs, Warrenton; Rev. R. C. Beaman, Durham; Rev. J. C. Wooten, Wilmington.

The business of the conference was taken up immediately after the close of the communion service. Bishop Denny requested the secretary of the last conference, R. H. Willis, to call the roll of the conference, which showed that a large percentage of the clerical members and a number of the 34 lay delegates were present. Bishop Denny asked to know the will of the conference with reference to the calling of the roll on other days of the session and on motion this was ordered discontinued after today, with the provision that names of the late arrivals be enrolled by the secretary.

On motion of R. H. Willis, J. L. Cuninggim was elected assistant secretary; W. W. Peele, statistical secretary; G. T. Simmons, recording secretary. Later in the session several other members of the conference were nominated and elected assistant statistical secretaries.

On motion of R. B. John the bar of the conference was fixed and on motion of the same the hours for meeting and adjournment were fixed at 9:30 A. M. and 1 P. M. The presiding elders constitute the committee of nomination for the standing committees and the report of this committee was submitted by A. McCullen. The report is as follows:

Books and Periodicals—Clerical: T. A. Sykes, J. H. Buffaloe, M. D. Hix, B. H. Black, L. P. Howard, Y. E. Wright, E. H. McWhorter, J. M. Benson, S. A. Cotton. Lay: L. R. Wilson, T. J. Markham, A. D. Muse, Y. T. Ormond, B. B. Adams, Dr. M. Bolton, T. J. Jarvis, M. R. Sabbaston, L. S. Covington.

Conference Relations—All clerical: A. L. Ormond, C. A. Jones, E. E. Rose, J. B. Hurley, C. W. Robinson, J. C. Hinsdale, J. T. Draper, H. E. Tripp, G. T. Adams.

Church Property——Clerical: W. A. Stanbury, W. A. Piland, L. M. Chaffin, J. J. Boone, J. M. Daniels, Rufus Bradley, R. R. Grant, P. D. Woodall, C. L. Read. Lay: W. S. Davenport, J. H. Judd, R. L. Thompson, W. S. Stevens, Dr. D. B. Zollicoffer, J. F. Bruton, F. W. Hargett, L. D. Hamer, W. K. Williams.

District Conference Records—All clerical: F. B. Noblitt, Frank Culbreth, J. H. Frizelle, A. S. Barnes, H. E. Lance, M. C. Yearby, R. A. Bruton, B. E. Starnfield.

Memoirs—All clerical: R. B. John, D. H. Tuttle, A. L. Ormond and N. H. D. Wilson.

On motion of M. C. Thomas, a committee on temperance, and one on Sabbath observance were ordered to be nominated and these were nominated as follows:

Temperance—Clerical: C. R. Ross, G. S. Bearden, K. D. Holmes, D. H. Tuttle, W. W. Rose, J. A. Lee, E. N. Harrison, R. L. Davis and J. T. Stanford: Lay: S. P. Crose, J. M. Lambe, J. E. Cameron, P. A. Rivers, W. E. Moss, C. F. Bland, C. C. Covington, J. S. Jones and W. P. Few.

Sabbath Observance—Clerical: S. F. Nicks, A. W. Price, J. D. Pegram, F. S. Love, R. W. Bailey, N. L. Seabolt, L. T. Covington, J. L. Rumley, J. P. Pate. Lay: J. D. Pridgen, J. W. Evans, J. B. Atwater, W. H. Humphrey, E. F. Carraway, W. A. Jones, J. B. Flythe, J. F. Bruton, W. R. Newbury.

These nominations were confirmed by the Conference.

Later in the session a motion was made for the appointment of a committee on public worship and on motion of R. B. John, presiding elder of the Fayetteville district, L. E. Thompson, pastor of Hay Street church, and Mr. Judd, a member of Hay Street church, were elected to constitute this committee.

Bishop Denny called Minute Question 6, "Who are received by transfer from other conferences?" Answering this question he announced that Edwin C. Glenn, an elder from the Western North Carolina Conference, and Marvin W. Hester, from the Central Texas Conference, had been received by transfer, in the North Carolina Conference. He stated in this connection that he did not know whether

Mr. Hester is an elder, but that the information will be furnished later.

L. S. Massey submitted the report of the Raleigh Christian Advocate and the report was referred to the committee on books and periodicals.

On motion the several boards of the conference were requested to submit their reports to the confeernce not later than 11 o'clock Friday morning.

Rev. James Cannon, D. D., of the Virginia Conference and secretary of the Southern Assembly, located near Waynesville; Rev. W. F. McMurray, D. D. secretary of the Board of Church Extension, and Rev. J. S. Hunter, of Richmond, representing the branch publishing house of the Church, were introduced to the Conference and spoke in the interest of the causes represented by them. Mr. Hunter urged members of the conference to order their books and literature from the branch house and thus ensure the earlier filling of the orders to this part of the church.

Bishop Denny also spoke in the interest of the publishing house. He was for 26 years a member of the book committee and he stated that any publication desired can be ordered through the publishing house of this Church.

Dr. Cannon spoke to the Conference in the interest of the Southern Assembly. He explained to the Conference that the stockholders constitute a corporation, chartered under the laws of the State and two specific provisions are stipulated in the charter. One of taese is that three-fourths of the stockholders must be members of the M. E. Church, South, and that if the time should come when more than one-fourth of these stockholders are not members of this Church, their right to vote on questions pertaining to the Assembly's causes. The other provision is that if at any time the Laymen's Missionary Movement of the Church desires to purchase the stock of the Assembly it has the right to do so. The programme of the conferences to be held at the Assembly will be under the direction of the Laymen's Missionary Movement. Dr. Cannon spoke also of the Missionary Conference which is to be held on the Assembly grounds during June, 1913, and which conference will mark the formal opening of the Assembly. This conference is to be held under the direction of all of the missionary agencies of the Church. Speaking of the sale of lots on the grounds, Dr. Cannon said the impression seemed to prevail among some people that these lots were very high in price but that was not the case when the improvements are taken into consideration. The price ranges from $167 to $500 per lot of 60 feet front. He said also that the Assembly is not antagonistic toward the local Assembly of any conference but that the former is intended for the entire church.

Dr. McMurray spoke especially of the growth of the Church Extension fund of Southern Methodism, which has now reached almost $500,000. He spoke also of the annuity policy of the board and showed that a number of members of the Church are giving their property to the board under this policy, the board giving to them interest on the same the remainder of their lives. Dr. McMurray stated also that the board during the 30 years of its existence has erected upon an average of five and one-half churches every week.

Bishop Denny called Minute Question 22: "Are all the preachers blameless in their life and official administration?" The nine presiding elders were called, passed the examination and submitted their reports: R. C. Beaman, M. T. Plyler, R. B. John, J. E. Underwood, J. H. Hall, A. McCullen, R. F. Bumpass, J. T. Gibbs and N. H. D. Wilson. All the reports showed that progress has been made along material and spiritual lines in all parts of the conference.

N. H. D. Wilson, presiding elder of the Wilmington district, said that the year just closed had been a busy year in the Wilmington district. Two preachers had been unable for work as the result of illness but that all of the charges on the district show an advance in finances and most of them will report all claims paid in full and an advance of $1,000 for the district over the amount paid last year. He stated also that new church building has been erected in the district and one new church has been organized. The Sunday Schools and Epworth Leagues were making progress, he said, as were the woman's foreign missionary societies. He called attention to the fact that one pastor in this district had baptised 27 infants, another had baptized 30.

During the course of the reports of the presiding elders Bishop Denny called attention to the importance of family worship, infant baptism, the Sunday School, the Epworth League and studious habits upon the part of preachers. Bishop Denny said that it has been said that "some men gain knowledge without being taught, others gain knowledge as the result of being taught and others fail to gain knowledge after having been taught." Some preachers, he said, seem to think they belong to the first class named, but that they cannot convince their congregations that they belong to this class.

When making his report R. B. John called attention to the impression which some have received that Bishop Denny does not follow the usual order in the call of the 22nd question, in that he does not call for reports from all the preachers in this Conference. Bishop Denny stated at this point that it was his custom to let the Conference decide whether each preacher should submit his report or whether the report of the presiding elder should answer for them and that he wanted to be set in line with the truth in this connection. The Bishop referred to a visit which he made within the bounds of the N. C. Conference recently and said that he was surprised when some women asked him if he considered it a harm to attend a circus. He said further that from what he heard, the degradation of women who took part in circus performances is awful and that he could not understand how any refined woman could look upon a woman garbed, or ungarbed, as circus women are.

M. T. Plyler said regarding the circus that it was his opinion many people from the country come to town on the days when the circus was there to see the parade who didn't witness the performance of the show "and to see the animals," interrupted Bishop Denny. Mr. Plyler said [illegible]

not want to be misunderstood in what he was saying.

"Never mind about being misunderstood," said Bishop Denny. "Some one is certain to misunderstand you, but you say what you feel you ought to say and don't mind about being misunderstood."

Continuing the call of the 22nd question, the characters of the preachers sustaining the supernumerary relation were passed: R. W. Townsend, W. H. Townsend, J. O. Guthrie and N. M. McDonald. Their names were referred to the committee on Conference Relations for the same relation.

The hour for adjournment having arrived, the announcements were made. The conference then united in singing a hymn, after which Rev. M. C. Thomas pronounced the benediction.

Conference Notes

The anniversary of the Conference Historical Society was held this afternoon. Rev. T. A. Smoot, of the Virginia Conference, formerly a member of this Conference, delivered the address. His subject was "Methodism on the Lower Cape Fear." The anniversary of the Conference Sunday School Board was held this evening. Bishop Denny will preach a Thanksginig sermon in the Conference room tomorrow morning.

Rev. James Cannon, D. D., who is attending the conference today, is president of the Virginia Anti-Saloon League. He commended North Carolina for her prohibition laws and said the reason Virginia is not in line with North Carolina, West Virginia and Tennessee in this connection is because of her politicians and her Senate and that it is not the fault of the Virginia people. He said that he hoped the time would soon come when Virginia would pass laws that would prohibit the shipment of intoxicants into States where prohitibitin laws exist.

Speaking of the recent session of the Virginia Conference, Dr. Cannon said that the reports submitted there showed the membership of that Conference to be 114,000, a gain of 3,000 members during the past year and that in that Conference the past year a total of $143,000 was contributed to mission.

Bishop Denny, accompanied by his wife, arrived Monday afternoon for Conference. They are guests of Mr. F. W. Thornton. Gen. Julian S. Carr, of Durham, is also a guest of Mr. Thornton. He is most cordially greeted by preachers and laymen alike, for they know of his big, warm heart and munificent deeds, and of the great work he has done for Methodism in North Carolina.

The personnel of the Conference is fine. There are some men of much force in the body, and in personal appearance they compare most favorably with any gathering ever seen here.

CAROLINA ENDS PRACTICE.

Team Leaves for Annual Battle With Virginia Eleven.

(Special to Washington Post.)

Chapel Hill, N. C., Nov. 26.—Some polishing touches to individual players, a rehearsal of a few trick plays, and a long signal drill ended the preparation of the University of North Carolina football squad for its annual gridiron struggle with the eleven from the University of Virginia in Richmond Thanksgiving.

Tomorrow the squad leaves for Richmond, carrying with them the slight hope of reversing a series of defeats that have annually been the Tar Heels' portion since 1905. It was in that year that the Virginia fame went down in defeat, to their utter surprise, to the score of 17 to 0.

A glance in the camp of the Tar Heels on the eve of the classic struggle between sister institutions finds them not without hope. This hope is not based on comparative scores, but on Tar Heel grit and fighting spirit linked with the overconfidence that holds sway over the opposing team. Under the direction of four coaches, foremost of the number being "Doggie" Trenchard, of Princeton, the week's preparation for the game that ended today has been the most strenuous on record.

Practice has been pursued both day and night to strengthen its defense; practically a new line-up will face Virginia on offensive work. It has wonderfully improved during the past week, and on Thursday it will utilize its every ounce of fighting stamina at line plunging through the Virginia eleven.

WOLGAST THE FAVORITE.

Two to One Odds on Champion Against Ritchie Today.

San Francisco, Nov. 27.—Ad Wolgast and Willie Ritchie rested today from active preparations for their Thanksgiving Day fight and devoted themselves to the entertainment of long lines of visitors. The day opened with the champion still a 2 to 1 favorite over the local contender, the beter odds, however, in nowise representing public sentiment, it was declared. Pugilistic critics who maintain the odds are false to the form of the fighters are at a loss to account for them, however, on any other basis than the explanation given by Betting Commissioner Corbett, who said Wolgast money in large lots has been given him while the Ritchie supporters kept under cover.

Referee Jim Griffin, after conferences with both fighters, said that strict adherence to straight Queensberry rules would be insisted upon.

"There will be no wrestling or holding," said Griffin. "In case the bout is stopped before the end of the 20th round I will deliver a decision."

till de 3.

..Theatrical..

The Academy of Music will have open house this Thanksgiving, and will offer a notable popular price attraction in the big and wonderful $100,000 photoplay of Sarah Bernhardt, "Divine Sarah", the most noted of all artists on the stage, in "Queen Elizabeth."

The production from which the moving pictures were made was a mammoth one, and created a sensation in London. Not only does Bernhardt appear before the onlookers, but her supporting company numbers many stars, and it is a rare treat to be able to see this big company. It is not only a treat, but it is of value to be able to say you have seen Bernhardt and it is of educational worth to see the historical production of "Queen Elizabeth."

The attraction will appear at the Academy both afternoon and night, and will make a gala holiday show, and today will be the last chance of witnessing the exceptional attraction. The matinee will not start until 4 o'clock, so as not to hurry any one away from the toothsome Thanksgiving dinner, and special prices will prevail for the afternoon performance, being 10 cents for children and 25 cents for adults to any part of the theatre.

The attraction will close its Wilmington engagement with two performances tonight, the first beginning promptly at 8 o'clock. The price will be 25 cents to any part of the Academy.

Thanksgiving at the Grand.

As today is Thanksgiving, Mr. Leonard Chick will sing at the Grand Theatre Irving Berlin's latest and greatest rag time hit, "The Ragtime Soldier May". This is said to be a worthy successor to "Alexander's Rag-time Band", and is a very patriotic number with beautiful illustrations, especially adaptable to Thanksgiving. Everybody is invited to hear the song and to join in the chorus.

In the pictures a great Pathe Weekly will be offered as a feature while there will be special music by the orchestra at night. Selections from the Chocolate Soldier will be played as an extra for the evening performance. The Pathe picture will include the burial of Wilbur Wright at Dayton, Ohio; President Taft eulogizing 22,000 unknown dead in the National cemetery at Arlington, Va.; Governor Colquitt formally opening the great new causeway at Galveston, Texas; presentation of handsome purse to Capt. Rostron, of the Carpathia at New York; visiting German warships at Norfolk, Va.; meeting of the Associated Ad. Men's Clubs at Dallas, Texas; pole vaulting at Portland, Ore.; scenes from the great championship baseball games, and the starting of a revolution in Havana, Cuba.

Then there will be two other big feature pictures, "The Light That Failed", a story of a great ocean liner and "I Saw Him First," a Kalem comedy. In fact, the bill at the Grand today will be in full keeping with an elaborate observance of Thanksgiving and everybody is invited to come.

Holiday Bill at The Bijou

In celebration of Thanksgiving Day The Bijou will today offer a big and gala bill, but regardless of the fact that something extra will be presented and that today is a holiday, the popular amusement palace will not advance the price of admission. It will remain at 5 cents, afternoon and night. The many comforts of The Bijou will, of course, be thrown in gratis.

Today's bill will be headed by a film that will bring joy to all and that the children must not be allowed to miss. It will be the "Katzenjammer Kids." It is a brand new laugh, because the "Katzies" do some fresh stunts, in the most improved way and that will cause one tremendous long howl from start to finish, and it will be a hot finish, too.

But this is only one of the stars for today, and by the way, there are four big films on today; something extra. "The Part of Her Life" is another dashing comedy that will tickle every side and wreath the most soured visaged into smiles.

But the great fun novelty of the day will really be "An Unexpected Honeymoon." This is a corker. A newly married pair go to the fair grounds, and the happy bridegroom gets tangled in balloon ropes and his wife also gets into a like predicament. Then the big bag goes up, and the experience of the couple, high in the air, is most amusing, as well as fantastic and novel.

The great Melies dramatic, "Wrongly Accused," is also a star today. It tells a heart gripping tale, one of the principal characters being a "dope" fiend.

"Miss Nobody From Starland."

Theatre-goers everywhere have placed the stamp of unqualified approval upon the successful Mort H. Singer musical comedy, "Miss Nobody from Starland," which will be the offering at the Academy Tuesday evening, with the clever prima donna, Olive Vail, in the title role, which she created. Miss Vail will be supported by a cast of well known principals, and there will be a typical Singer chorus, that is, a lot of pretty girls who can really sing and dance.

CATARRH MISERIES ENDED

Simple Safe Remedy Gives Instant Relief, Cures and Prevents Catarrh and Cold in Head, Clears Stuffed Up Head, Etc.

The quickest, best and safest way to cure catarrh or a cold in the head is by using a remedy that will "touch the spot" and do its work quickly without leaving any bad effects. Ely's Cream Balm, which is applied to the nostrils or rubbed on the throat or chest gets right at the root of the trouble and instantly relieves even the worst case of catarrh or cold. A few minutes after applied you can feel a loosening up in the head, the pain and soreness are gone, the sense of taste, smell and hearing come back, and you feel like a different person.

Ely's Cream Balm cleanses, heals and strengthens the inflamed membranes, takes away that stuffed up feeling and dull pain in the head, relieves the throat soreness and stops the nasty discharge which is the cause of the disgusting hawking, spitting, blowing of the nose, and foul breath. Hay fever victims who are miserable by fits of sneezing, coughing and wheezing get instant and permanent relief by the use of this simple remedy.

Don't suffer another minute. Ely's Cream Balm will relieve you immediately, and a 50 cent bottle will more than likely work a complete cure. All druggists sell it

VIRGINIA QUARTER OUT.

Gooch Will Not be in Line-up Today. Ready for Battle.

(Richmond Times-Dispatch, 27th.)

Neither Carolina nor Virginia will bring their football teams to Richmond tonight, though both will leave for the seat of tomorrow's conflict early today. Contrary to the custom in bygone years, coaches of both elevens think that it is better to keep the warriors far from the city's madding lights, free from gossips or from the many allurements which the city offers.

Carolina will rest at Williamsburg until tomorrow morning. Light signal practice will be indulged in early in the day, after which the men will be turned over to the trainer for a final rubdown. Virginia, as last year, will go direct to Ashland. There Speed Elliott, Johnny DeSaulles, Dr. Maddux and the other advisory coaches, including Rice Warren, will talk to the men and give them the final note of warning before the battle is on.

At the last moment Virginia received a setback, a blow to the splendid machine which the final weeks of practice have developed. Gooch, the fleet quarter, is out of the game. He is suffering from chills and fever and will hardly be in uniform. Randolph the sub-quarter, will surely start, and it may be that before the game is over Landes will be taken from left end, where he has been groomed for Harris' place, and given the team to run. While either Randolph or Landes will do well at the keystone station, there is no question but that Gooch could do better.

Coaches Cartmell and Martin are in high glee over the recent showing made by their charges. They are certain that they will have more than a look-in. For once the reports from Chapel Hill are of an optimistic nature. They are not cocksure, indeed they even admit that on paper Virginia has the better of the argument. But dope, they say, has a habit of going wrong, and this is one of the times for it to be off. To lovers of the game, it is certain that whichever way the battle goes, the game is going to be fought all the way. There has never been a time when an eleven representing Carolina did not take on a few extra pounds of steam against Virginia, while Virginia manages to outdo herself when battling with Carolina.

Announcer Fred Westervelt has spent the past few days in carefully studying the rules. He is making sure that nothing will happen during the game at Broad Street Park about which he [illegible] unfamiliar. He will tell the [illegible] is going on through [illegible] one. There will be [illegible] uments as to whether [illegible] or whether a forward pass was complete or incomplete, or whether some fleet-footed runner tore off ten yards or 50 yards; all of these things will be announced. Every penalty inflicted will likewise be told the crowd, while brains need no longer be cudgeled to know the name of a substitute or the name of a man injured. Perhaps no innovation in the great annual clash between the two universities will meet with greater popular approval than the introduction of an announcer.

POLICE COMMISSIONER SHOT.

Sir Edward Richard Henry Seriously Wounded in London.

London, Nov. 27.—Sir Edward Richard Henry, chief commissioner of the London Metropolitan police, was shot and seriously wounded tonight by a man who had an alleged grievance against him. Sir Edward was alighting from a motor car at his residence in Kensington on his return from Scotland Yard, when the man rushed from the opposite side of the street and shot at him three times with a revolver.

One bullet entered the left groin, inflicting a dangerous wound; the others missed their mark. The commissioner's chauffeur, who is an ex-policeman, grappled with the assailant and overpowered him.

It turned out that the man, whose name is Bowes, had a month ago applied at Scotland Yard for a taxicab license, which was refused. Subsequently he wrote to the commissioner pleading for a reconsideration, but without avail. For this reason he nursed a grudge against Sir Edward and lay in wait for him.

The commissioner retained consciousness, but is suffering great pain. The attending physicians pronounce the wound serious, but hope for Sir Edward's recovery.

ORIOLES TO TRAIN IN N. C.

Jack Dunn Will Select Either Fayetteville or Wilson.

(From the Baltimore Sun.)

Manager Jack Dunn expects to leave Sunday for Wilson and Fayetteville, N. C., to select one place or the other for the Orioles to train next Spring. Dunn said last night it was an assured fact that the Birds would go South to put in the preliminary licks.

The players will leave between March 10th and 15th, and will remain until about April 1st, when the preliminary games will be played at Oriole Park. Both towns have pretty good grounds and hotel accommodations, but no matter which is selected, it will require about a week to put the playing field in shape.

HODGES' MAJORITY, 29.

As Shown by Amended Kansas Returns for Present, Rival Agrees.

Topeka, Kan., Nov. 26.—That George H. Hodges, Democratic candidate for Governor, will receive the certificate of election practically was assured today. Attorneys representing him and Arthur Capper, Republican candidate, have reached an agreement to abide temporarily by returns and amended returns now received from Bourbon, Morris and Reno counties, which give Hodges a majority of 29 votes. No statements have been made as to whether or not a contest will be brought later.

Is your table nice enough for a Thanksgiving dinner?

Dear Amy:

You and Bob must take Thanksgiving dinner with us. John has just made a good business deal, and bought me a new dining room set. I want "to show it off."

I'm not bashful about confessing this to an old friend like you, Amy. We women all do love pretty homes. If husbands, who can easily afford it, only knew how much happiness they could give their wives by turning them loose in a furniture store, to buy what they wanted, wouldn't the furniture fly, though? Lovingly, LOU.

STATE DRAINAGE CONVENTION

Dr. Joseph Hyde Pratt Re-elected President—Charlotte Next Place Of Meeting—Important Recommendations

(Special Star Telegram.)

Raleigh, N. C., Nov. 27.—Dr. Joseph Hyde Pratt was today re-elected president and treasurer, and Geo. Boyd, of Wilson, secretary, of the State Drainage Association.

Charlotte was chosen as the next place of meeting.

The convention adopted a resolution asking the Legislature to create the office of State Drainage engineers, to authorize the acceptance by State banks of drainage bonds as security and to make interest on these bonds payable by the State treasurer. The convention commended the teaching of agriculture in the public schools; favored all movements looking to immigration and asked the Federal government to make a topographical and soil map of the swamp lands of the State.

In welcoming the delegates to the fifth convention yesterday morning, Governor Kitchin declared that there is no enterprise that will yield so great returns for the amount invested as the drainage of lands in North Carolina. The Governor was introduced by President Joseph Hyde Pratt as having recommended and urged through the 1909 Legislature the special drainage act that has made it possible for the progress in drainage the State has made the past three years. The Governor stated that there are about 3,000,000 acres of land in this State needing drainage and of this amount about one million acres have been brought under the operation of the State drainage law since its enactment in 1909. The drainage convention was opened with prayer by Rev. M. A. Barber, of Christ Episcopal church. Addresses of welcome, other than that by the Governor, were by Mayor James I. Johnson, President Albert Cox, of the Raleigh Chamber of Commerce, and Chairman J. A. Mills, of the Wake County Commissioners. To these President Joseph Hyde Pratt responded for the association and Hon. O. L. Clark, of Bladen, for the delegates. The association heard with great interest addresses by Hon. V. M. Richards, of the Southern Railway, on "Reasons Why Every Citizen of North Carolina Should be Interested in Reclamation of Swamp Lands" and by B. E. Rice, of the Norfolk Southern, "Drainage as a Freight Maker." The afternoon was spent in hearing five minute reports from representatives of drainage districts of which there are 59, representing every section of the State and in nearly that number of counties.

Last night the delegates enjoyed a smoker, with the Chamber of Commerce as host.

JURY FROM ORANGE COUNTY

Will Likely Try Sidna Allen—Arraigned Monday

Fredericksburg, Va., Nov. 27.—An Orange county jury probably will try Sidna Allen, the Carroll county clansman, when he is arraigned at Wytheville next Monday to answer for the killing of Commonwealth Attorney Foster, at Hillsville. A venire of 25 men was summoned in Orange today. Allen was convicted last Friday of murder in the second degree and given 15 years in the penitentiary for the murder of Judge Massie, another victim of Hillsville Court House tragedy. When this verdict was announced Judge Staples stated that the next jury would be drawn from the Eastern part of the State.

WILL GO OUT WITH TAFT.

Savannah Collector of Port to Resign Office on 4th of March.

Savannah, Nov. 27.—Mr. W. R. Leaken, collector of the port of Savannah, has announced that on Saturday or before he will formally tender his resignation to President Taft, ecective March 4th. Mr. Leaken goes to Washington today. His commission does not expire until August 6th, but he does not care to serve under a Democratic administration and will step out when Taft does.

This probably means that the Savannah port office will be the first filled in Georgia by President Wilson. There are already four or five candidates for the position, which is the most desirable Federal appointment in Savannah.

SHIFT POE COTTAGE

Erection of Tall Building Alongside Would Ruin Historic Place

New York, Nov. 27.—The Poe cottage, in upper New York, where the poet lived from 1846 to 1949, and where his wife died, is in danger of being seriously damaged by the erection of a tall building beside it and the city will probably appropriate $5,000 to buy the cottage and remove it to Poe Park, nearby.

Many of those who have visited the Poe cottage have believed it was there he wrote the "Raven" but literary experts declare that the famous poem was written while the poet was living at Benons Farm, which stood in the open fields near what is now Amsterdam avenue and 84th street.

"CASHES IN" ON WILSON

Berwick, Pa., Merchant Weds as Result of Election Bet

John H. Bardoe, a merchant of this place, married Mrs. William Cooke, a wealthy widow, also of Berwick, here in payment of an election bet, following the success of Woodrow Wilson, says a Berwick, Pa., special.

Mr. Bardoe had been an ardent admirer of the widow, and she wagered him that Taft would be re-elected. The bet was made between them, with the stipulation that if Wilson was defeated by either Taft or Roosevelt Mr. Bardoe should remain a bachelor. If Wilson was successful Mrs. Cook agreed to become his bride immediately after the election.

Following the success of Mr. Wilson Mr. Bardoe lost no time in hastening the arrangements for the ceremony, and they were married by the Rev. Griffith Ball.

It always costs more to acquire a grouch than it is worth.

RECORD TOBACCO SALE

Product of Five-acre Farm—Kinston Notes of Interest

(Special Star Correspondence.)

Kinston, N. C., Nov. 27.—W. L. Turnage, of Greene county, sold seven loads of tobacco here yesterday, the product of five acres, at the remarkable price of $1,695.58. There were 7,008 pounds of the weed, which was cured in seven barns. The sum paid Mr. Turnage was exclusive of the warehouse and other charges. This was perhaps the largest price paid for a sale of similar quantity on the Kinston market this season, although single acres have brought more in proportion.

The committee in charge of the campaign for the sale of Red Cross Seals here, decided yesterday to order 15,000 from the State headquarters in Charlotte. This is the largest amount ordered by any town of Kinston's class in North Carolina. An active campaign will be started December 1st and the Red Cross Seals will be placed on sale at ten of the leading stores in the city, convenient to the public in any part of town.

Over a score of new dwelling houses have been erected in East Kinston so far this Fall, in addition to those erected and in course of construction in other parts of the city. It is said that new houses are not built fast enough to supply the demand, however, which is the best proof that Kinston is making rapid strides in growth.

In a review of the past fiscal year's work, Rev. F. Swindell Love, pastor of the Queen Street Methodist church here, told his congregation that they had raised over $9,000 in cash and that the membership had been increased by 75 during the past 12 months. Mr. Love is in attendance upon the conference at Fayetteville. He is a good preacher, hard student and effective worker, and his return to this station is hoped for.

WOMAN'S IMPORTANCE

Says Men Will Get Medicine If Women Are Around

Ed. Howe, the famous Kansas funny man and story teller, has an article in the December American Magazine in which he says:

"When a woman has charge of a sick man, she feels as important as the marshal of the day at a country Fourth of July celebration, and however amiable she may be at other times, she is very 'bossy' when she has medicine to give a man, or lotions to put on him; if he wants a drink of water, she expresses the opinion that he is drinking too much, and remembers that her aunt Harriet's husband once drank a great deal when he was sick, and had convulsions. If the sick man becomes impatient, and says the medicine is doing no good, she reminds him curtly that 'time' is necessary; she has even been known to dip into the classics, and say that Rome was not built in a day. The air of wisdom with which she examines the doctor books convinces the sick man that, however intelligent his medical adviser may have been, after his recovery he will be informed that he would have been sick much longer had she not used her home-made lotions. Whatever she does at night, the doctor will agree in the morning that it was very good.

"The sleepiest woman in the world will stay up all night cheerfully if she can get a chance to doctor somebody, and if a man has medicine to take at an unusual hour he will get it, if there is a woman around."

THE BRUNSWICK SHOOTING

Different Version of the Tragedy at Winnabow Sunday

(Special Star Correspondence.)

Winnabow, N. C., Nov. 27.—In the account of the shooting scrape here Sunday afternoon as published in The Star this morning, the impression given that Johnson, the negro who was seriously wounded, was a regular employe of the Town Creek Lumber Company, was erroneous. Mr. Archie Cannon stated that Johnson was simply a loafer around the camps, who had been given odd jobs at different times, and that he was a worthless and dangerous negro. He stated that Johnson was a gambler by profession, and had made trouble around the camps on several occasions.

Sheriff J. J. Knox states that the only shooting done was by Johnson. He also stated that four negroes were arrested by him and held as witnesses, and were subsequently recognized for their appearance at court to testify, but when it became evident that Johnson was seriously wounded and would probably die the four negroes were rearrested Tuesday evening and lodged in jail to be held as witnesses when the case comes up in Superior Court. Reports received here today were to the effect that the condition of Johnson was practically unchanged.

Raleigh, N. C., Nov. 27.—Superintendent F. T. Wooten, of the Columbus county public schools, writes the State Department of Education of the carrying of another local tax district election, making 42 for this county. He estimates that these 42 districts will raise $21,000 in special taxes for the betterment of the schools.

These be prosperous times and they will grow better as the adminstration of President Wilson develops. Once the people made up their minds that Wilson was the right man to be President of the United States, every vestige of the Roosevelt-Taft Panic of 1907 disappeard.

BROKE JAIL AT NEWBERN.

White Man Gains Freedom—Relic of War—Chamber of Commerce.

(Special Star Correspondence.)

Newbern, N. C., Nov. 27.—Robert Smith, a young white man convicted of the larceny of sevral boxes of cigars from a local firm and sentenced to 12 months in the Craven county jail at the last term of Superior court, has again demonstrated the fact that the county jail cannot hold a prisoner who has made up his mind to escape. Last night during the wee sma' hours Smith, who was confined in a room on the second floor of the building, knocked a hole in the ceiling with a chair, drew himself and a quantity of bedding through the aperture and after removing a trap door reached the roof. There he made a rope from the bed clothing and descended to the ground. During the past few months several prisoners have escaped jail.

Mr. J. K. Willis has on display at his marble works in this city a very unique souvenir of the war between the North and the South and one which he prizes very highly. It is a section of armor plate taken from the sides of the Confederate gunboat Neuse after it had sunk in the river of the same name a few miles below Kinston. Work on this boat was started in 1862, but it was not until two years later that the vessel was ready for operation. The captain and crew attempted to bring her to Newbern and enroute the vessel ran aground and after repeated efforts had been made to float her it was decided to burn her in order to keep the Federals from capturing her. This was done and the section of plate owned by Mr. Willis was taken from the hulk later on. A part of the vessel today remains above the river bottom and can be seen when the water is low.

Late last night United States Deputy Marshal Samuel Lilly placed Joseph Buck, colored, under arrest at Vanceboro, on a warrant charging him with retailing spirituous liquors without a government license. There has been a warrant out for Buck for some months, but in some way he learned of this and has managed to elude the revenue men until last night. He was brought to Newbern and this morning taken before United States Commissioner Chas. B. Hill for a preliminary hearing. Owing to the absence of several of the government's witnesses he was required to give a bond for his appearance next Saturday morning. Failing to do this he was committed to jail.

At a meeting last night of the Board of Directors of the Chamber of Commerce, Secretary J. Leon Williams was given permission to hold an annual banquet for the members of the organization each year at one of the local hotels. He stated that it was his intention of inviting the secretaries of all the other Chambers of Commerce in this State and also several prominent men. These will deliver short addresses. After discussing the matter the directors instructed him to go ahead with the arrangements for the first of these banquets early in January.

The owners of Ghent, a new suburb recently opened up in the western part of the city, are making a number of improvements in their property. Today a large force of men are engaged in placing large drain piping on one of the principal avenues. The electric lighting system there will be one of the most unique in this section of the State. Instead of using arc lights, 80-foot arches will be suspended across the streets at a distance of about 100 feet. It has been found that these arches give more light than the arc lamps and can be operated at about the same cost. The material for these has been ordered and the work will begin as soon as it arrives.

Georgia has had many elections of many kinds this year, but even the Presidential affair was tame compared with what is coming on the first Saturday in December. On that date there are 1,800 justices of the peace to be elected in that number of militia districts. The election of each justice carries with it the appointment of the bailiff for his district, and this is often an important factor in the contest. Georgians sometimes take their politics seriously, and while in many of the militia districts the elections pass unnoticed, when there is a contest it is usually bitter and hard-fought, out of all proportion to the value of the office. In one Georgia county a few years ago two prominent citizens were killed over a contest for a bailiff's office. Had they been candidates for justice of the peace there would perhaps have been a riot. As a promoter of fun, strife and amateur politics the election of a justice of the peace is a companion to the election of a mayor in a small town.—Savannah News.

New Jersey is not only the home of the trusts but the pioneer in the woman suffrage movement. The constitution of that State adopted in 1776 gave the ballot to men and women, without discrimination, and was supplemented by a State law which was not repealed until 1807. It has taken the balance of the country a long time to get around to the New Jersey idea, and that State may be one of the last to take it up again.—Savannah News.

THE MORNING STAR

WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carrier in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates, or advertise anything foreign to their regular business, without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

All hands will be let alone if they stop fleecing the American people. The earnest purpose of the Democratic party is to put a stop to the tribute system.

Snow in Asheville last Sunday and white dress weather in Wilmington. This shows the difference between Appalachian North Carolina and this sub-tropical region in tidal North Carolina.

John Schrank, who shot Colonel Roosevelt, has been landed in the lunatic asylum at Oshkosh. We never knew before what Oshkosh was good for. Schrank is not the only campaign celebrity who ought to have a term at Oshkosh.

The electric chair makes a bad seat for a man, but if any man finally takes a seat in this instrument of death, it is because he insists on being a bad man. When it is a man's own fault he cannot expect others to do anything but regret that it is so.

The present war in Europe shows how absurd is the claim that the great armaments of nations tend towards peace. When a man carries a gun on his hip he is either afraid somebody is going to do him or he intends to do somebody else.

Publishing a rumor that a man is dead when he isn't is not libelous. That is, the Appelate Court of New York so decided in the case of a man who got mad at a newspaper for saying he had passed over. The man ought to have been glad to be in the land of the living so he could prove that it wasn't.

A great many people get mixed over the matter of "party principle" and an administrative policy. As a principle, the Republican party is committed to protection for American industries but its policy to effect that end is prohibitive tariff against manufactured products on the one hand and free trade in raw material on the other hand, such raw materials to be made into protected products. Who ever heard of a Republican being charged with being a Democrat because he favors that kind of free trade for special interests. Free raw materials for protected interests is as much in favor of a special class as the highest duty imposed in a tariff bill.

Considerable dispute is going on whether the Democratic platform adopted at Baltimore favored only one term of four years for President, or whether it meant to bind the party to a constitutional change providing for a single term of six years, as has often been proposed. We don't think it makes much difference. All such questions ought to be referred to the Democracy by States before a convention is held. There has been no concensus of opinion among Democrats as to a single term of four years, and it ought never to have been made a party declaration at a time when there could be no discussion of its wisdom. Some parts of a platform are made by one or two men, and a joker is liable to be slipped in at a time when a convention is in a hubbub. Platforms ought to be submitted in time for thorough discussion if they are wanted to be taken seriously by the people.

CHARLOTTE VIEW OF OUR RESIDENCE PROBLEM

Much interest is taken abroad in Wilmington's residence deficit, and to all the other contributions on the subject The Star makes way for this from the Charlotte Chronicle:

"Down at Wilmington the newspapers, real estate men and other good folks are trying to find a remedy for the famine of buildings, the real estate men complaining that despite the past activities in the construction of residences and apartment houses they have twice as many applications for houses and apartments as they can fill. The Star in an earnest and comprehensive editorial brings forward a number of suggestions, including the syndicate construction of houses to sell and the selling of houses by real estate men on such easy terms that the rent money will pay for the house in a specified length of time.

"The Star is hitting all around the remedy, but doesn't quite ring the bell. Wilmington might well look to Charlotte in trying to solve her problem. This city probably has a smaller proportion of rented houses than any city of similar size in the United States for the reason that almost everyone owns their home. And they own their home because they have been brought to appreciate the building and loan idea and have real live building and loan associations. Scores and scores of houses are built here every year through the building and loan associations. Probably more than half of the residences erected are financed through this means. No man in Charlotte considers himself too poor to look forward to the day when he shall own his own home, the building and loan idea being the agency through which he expects to realize him ambition. And because of the ease of building homes and because of the continued activity in building Charlotte is not suffering.

"Wilmington has been a good savings bank town, but not a building and loan town. The masses of the people, not able to build without aid, have not had it impressed upon them just how easy it is to build or buy through the building and loan associations. It is true that with the present high cost of living it is not as easy to build through our system of building and loan association as it was a few years ago, but by utilizing the Pennsylvania and Ohio plans of building and loan, whereby the weekly or monthly payments are cut almost in half and the paying period made 11 and 3-4 years instead of our six and one-third years, that difficulty is gotten over and anyone who can afford to pay even small rent will be able to pay for a nice home.

"A liberal plan of building and loan is the remedy for Wilmington's ailment and the same prescription may be given to Rock Hill, S. C., and other cities that have complained of the same ailment. Charlotte would profit also by adopting the Pennsylvania idea and possibly the Ohio plan also to her building and loan system."

Wilmington appreciates the interest of the valued Chronicle, and while our esteemed contempoary makes a valuable suggestion of the powerful aid to be secured from building and loan associations, it does not quite catch on to Wilmington's greatest problem. It is not so much the matter of homes as it is the matter of the most up-to-date residences for renting purposes, in order to make it easy to supply modern residences to those who may be newcomers and who had no time to take up the home question.

Nevertheless, the home question itself is a vital one and the Chronicle's excellent observations concerning the utility of building and loan associations will serve the purpose of putting more life in Wilmington's splendid associations. This city has several building and loan associations and millions of dollars worth of homes have been built through that medium. As useful as they have been, they can be made more useful by getting busier if possible.

The Chronicle's article will be a capital means of impressing upon salaried people and wage earners the wisdom of taking building and loan stock. Our building and loan associations might become more aggressive at a time when it can be done to great advantage for them and the city.

MAGNITUDE OF THE SOUTH'S FUTURE.

There is nothing like seeing the South in order to get a conception of the magnitude of its varied resources. Those Philadelphia business men and manufacturers who swung around on a trade excursion through North Carolina saw more of the State and found out more about it than they ever knew, but their complete knowledge about North Carolina and its progress depended upon how well Tar Heel boosters were prepared to give them the information. It would be a great joke on many of our people, if those Philadelphians could hurry through North Carolina and then be able to tell us more about it than we know ourselves. However that may be, we ought never to be caught napping by those who come into our midst.

North Carolina makes a good impression upon those who look her over, and it is so all over the South. The magnitude of the South's resources probably strikes others more forcibly than it does us of the South, and for that reason we are glad to see people coming South to get a present day impression of the country. The South speaks loudly for itself, and it is gratifying that many visitors are so impressed that they write about the South after they have seen it.

In this connection, the Manufacturers' Record, of November 21st, tells us that the members of the eighth International Congress of Applied Chemistry, who were fortunate enough to make the trip through the South, are enthusiastic about what they saw and about the outlook. "As chemists of the highest international standing," says the Record, "their views will carry great weight in the business world," and so they will. Mr. H. J. Krebs, president of the Krebs Pigment & Chemical Company, of Newport, Del., in expressing appreciation of the Record's account of the trip of the chemists, adds the following as to his views about the South:

"As to the resources of the country, and especially of the South, there can be no question whatever that they are so great and so valuable that the South is bound to become a country of great activity, industrially and otherwise. The strides that the South has been making during the last decade are certainly very remarkable, and I have no doubt whatever that this is but a feble effort compared with what the coming years hold in store for this country, so richly endowed by nature to suply the wants of an immense population. The close proximity of ores and fuels, such as found in Alabama, together with the abundant cotton yield and equally abundant supply of water-power, is bound to force industrial development, the magnitude of which no one today can foresee. I congratulate you as a representative of the South and the magnificent opportunities open."

Mr. Krebs has briefly stated what ought to give great confidence in the future of the South. The chemists passed through a portion of North Carolina and what they say of any portion of the South generally applies to the Tar Heel State. The resources of the South are of a magnitude that we little conceive, and so are those of the great State of North Carolina. That is a guarantee that Wilmington as the port of such a resourceful State is assured of a great future. However, Wilmington can be made the port of several States of this immense Southern territory with resources so great as to impress all comers.

CURRENT COMMENT.

When the Memphis News-Scimitar, published by Gilbert Raines, jumped out of the Democratic party to track after the Bull Moose, it was shy of judgment however great its affections. We readily understand how a person sound in mind and morals may follow Colonel Roosevelt "for the principle of the thing," whatever he imagines the principle to be. But that one with ordinary judgment should have been so confident of Roosevelt's success as to be bitterly disappointed at his failure, it is difficult to comprehend. Mr. Raines believes that "the greatest calamity of the age happened when the American people failed to elect Theodore Roosevelt," and he is going to quit attempting to guide any portion of the misguided people. He announces that The News-Scimitar will be sold at public auction within sixty days.—Columbia State.

What an array of famous speakers have appeared in Raleigh's new auditorium since it was opened a year ago—William J. Bryan, Theodore Roosevelt, Champ Clark, Henry Cabot Lodge, Governor Harmon, Senator Gore, Dr. Len G. Broughton and others. Presently we shall hear people saying that it is a liberal education merely to live in Raleigh and hear the eminent speakers who come here. Last week William J. Bryan appeared here, and, although an admission fee of 50 cents was charged, thousands heard him. Next week two other eminent speakers are to appear in the auditorium—men of national reputation; and the Literary and Historical Association, which has secured them wants all Raleigh to turn out to hear them. There will be no charge. Dr. Walter H. Page, editor of the World's Work, who has perhaps gained greater fame in literature and journalism than any other North Carolinian, will speak on Tuesday night. On Wednesday night Edwin Markham, one of the world's few great poets, will make a notable address—such an address as men are accustomed to pay a dollar apiece to hear in lyceums.—Raleigh Times.

It seems now that the new postoffice building will be erected solely for the use of the postoffice and the Federal Court, leaving the internal revenue office, the secret service office and the office of the local Weather Bureau to find quarters elsewhere. The government, it is said, contemplates remodeling the old mint building to provide quarters for these offices. The old mint building is furnishing admirable quarters for the local military companies now in addition to the local assay office. The building might be remodeled so as to provide suitable offices for the local revenue officer and secret service agent, but hardly for the Weather Bureau, many of whose instruments would require a tall and substantial tower. The building is serving a good purpose already and it would be a pity to disarrange things again. Anniston, Ala., Columbia and other cities of the importance of Charlotte have Weather Bureau buildings. Why can't Charlotte have a Weather Bureau building, which would accommodate not only the weather offices, but provide space also for the secret service agent, revenue agent and any other government officers not provided for in the postoffice building.—Charlotte Observer.

TOBACCO STATISTICS

Census Bureau Makes First Report Under New Loan

Washington, Nov. 27.—Tobacco held by dealers and manufacturers other than original growers, on October 1st, amounted to 1,047,404,560 pounds, the Census Bureau today announced in making the first report under the law enacted April 30th, last.

Of this total 916,732,009 pounds were unstemmed and 130,672,551 pounds were stemmed.

These amounts were held by manufacturers of tobacco who last year manufactured more than 50,000 pounds of tobacco, 250,000 cigars or 1,000,000 cigarettes and by dealers who, on an average at the ends of the fourth quarter of last year had more than 50,000 pounds of tobacco in stock.

The preliminary estimate of the 1912 production of tobacco made by the Department of Agriculture placed the amount at 959,487,000 pounds.

Concerns able to give the actual weight of the tobacco on hand, after shrinkage, reported 468,935,831 pounds. Those able to give only the weight as marked on packages at the time of packing reported 578,468,729 pounds. The total amount on hand, therefore, is a combination of these two figures, with no allowance for shrinkage.

Of the chewing, smoking, snuff and export types on hand October 1st, the following figures were reported:

Burley, 215,307,012 pounds; dark district of Kentucky and Tennessee, dark fired as grown in Clarksville, Hopkinsville and Paducah districts, 91,096,894 pounds, Henderson, 1,022,912; Green River, 42,876,262; one Sucker, 22,586,298.

Virginia sun-cured, 11,156,671; Virginia dark, 34,593,494; bright yellow district of Virginia, North Carolina and South Carolina, 234,189,249; Maryland, 6,644,253; Eastern Ohio export, 2,709,455; Perique, Louisiana, 185,729; all other domestic, 1,538,519.

Of the cigar types the following were reported:

New England, including Connecticut, 43,777,427 pounds; New York, 5,238,871; Pennsylvania, 118,782,280; Ohio, 89,575,075; Wisconsin, 71,157,148; Georgia and Florida, 7,676,950; Porto Rico, 2,942,321.

Imported type, 41,347,631 pounds.

The next report will be made early in April, 1913.

A CARD.

Editor The Star:

Referring to the article in yesterday's issue, headed, "Who Will be Chairman?" which states that I would accept the chairmanship of the new board of county commissioners were it forced upon me. I wish to say that I have not only told those friends who have urged me to try for the position, but have told individual members of the new board, that I could not and would not consider the chairmanship.

This has been my position since the primaries some months ago, and my mind has not been changed on the subject. The time required of the chairman of the board is more than I could take from my business without jeopordizing my personal interests, and I am not, therefore, a receptive candidate for the position.

Very truly yours,
J. VanB. METTS.

Lynchburg, Va., Nov. 27.—In a gruelling and beautifully played contest here this afternoon the local high school defeated the John Marshall high school of Richmond for the State football championship by the score of 7 to 6. The game was marked by clean, though hard play throughout the four 12-minute quarters. All of the scoring came in the last quarter.

CATARRH

Breathe Booth's HYOMEI and Refreshing Relief will come in Three Minutes.

Australian Eucalyptus is a non-irritating, germ destroying liquid that is largely used by Catarrh and Throat Specialists and by physicians of the modern school.

HYOMEI is Australian Eucalyptus combined with the best of Listerian Antiseptics, and when breathed through the inhaler into the lungs over the sore, inflamed membrane of the nose and throat it surely destroys the pernicious catarrh germs and ends all catarrhal misery.

For Catarrh, Coughs, Colds and Croup Booth's HYOMEI is guaranteed to give satisfaction or money returned.

Try it on that honorable basis; the directions are easy to follow and a complete outfit (inhaler and bottle of HYOMEI) can be obtained at druggists for only $1.00. Extra bottle, if afterward needed, only 50 cents. R. R. Bellamy recommends Booth's HYOMEI.

Famous "Pint of Cough Syrup" Receipt

No Better Remedy at Any Price. Fully Guaranteed.

Make a plain syrup by mixing one pint of granulated sugar and ½ pint of warm water and stir for two minutes. Put 2½ ounces of pure Pinex (fifty cents' worth) in a pint bottle, and fill it up with the Sugar Syrup. This gives you a family supply of the best cough syrup at a saving of $2. It never spoils. Take a teaspoonful every one, two or three hours.

The effectiveness of this simple remedy is surprising. It seems to take hold instantly, and will usually stop the most obstinate cough in 24 hours. It tones up the jaded appetite and is just laxative enough to be helpful in a cough, and has a pleasing taste. Also excellent for bronchial trouble, throat tickle, sore lungs and asthma, and an unequaled remedy for whooping cough and croup.

This recipe for making cough remedy with Pinex and Sugar Syrup (or strained honey) is a prime favorite in thousands of homes in the United States and Canada. The plan has been imitated, though never successfully. If you try it, use only genuine Pinex, which is the most valuable concentrated compound of Norway white pine extract, and is rich in guaiacol and all the natural healing pine elements. Other preparations will not work in this recipe.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

ONLY ONE BID WAS RECEIVED

Wright Real Estate Agency Offered $9,675 for City Property at Fourth and Princess Streets—Declined.

The weekly meeting of City Council yesterday morning was almost devoid of any features of public interest, and was one of the shortest meetings on record. The business of the session was really over in 15 minutes, though the body stayed in session until 10 o'clock, at which hour it had been advertised that bids for the city property at Fourth and Princess streets would be opened. Only one bid was received, that of the Wright Real Estate agency. The offer was $9,675, and was declined. It is probable that the property will be advertised again and sold at public auction.

The meeting was called to order at 9:15 with Mayor Smith presiding and all members in attendance, also City Attorney Herbert McClammy and Dr. Chas. T. Nesbitt, superintendent of health. Capt. Thos. D. Meares, city clerk and treasurer, kept a record of the proceedings.

Coupons amounting to $360 were destroyed following the reading of the minutes of the last meeting. Councilman W. E. Perdew called attention to the fact that the stumps of several trees which had been cut down on Seventh street, between Market and Princess, have been left projecting above the ground several feet. On motion the matter was referred to Councilman P. Q. Moore, in charge of the department of streets and wharves, for investigation. Another matter discussed was the practice of children skating on the streets on roller skates and holding to the rear of automobiles. Several pointed out that this will result in an accident sooner or later. No action was taken. After consideration and discussion it was decided to pay a demurrage bill of the Atlantic Coast Line for $155. Councilman B. C. Moore, in charge of the department of public safety, reported that the police call and telegraph system is working very satisfactorily and that the officers are well pleased with it.

A statement for $14.60 was received from the register of deeds for various papers recorded in connection with the transfer of the city of the plant of the Wilmington Sewerage Company recently. The register of deeds was directed to mail the statement to the West End Trust Company, of Philadelphia. If the company refuses to settle the bill the city will probably have to do so.

It was called to the attention of City Attorney McClammy that complaints have been received of the "Horse Pond drain", extending from Fourth and Walnut streets to the river at the foot of Grace street. He held that the city superintendent of health can condemn the drain as a menace to health and a public nuisance. It is not unlikely that the superintendent of health will take some such action.

When the bid of the Wright agency for the property at Fourth and Princess streets was opened the Council voted not to accept it. It is the sense of the members of the board that the property should bring considerably more than the offer of $9,675, and while no action was taken relative to future efforts to dispose of the property, it is understood that there is some probability that it will again be advertised and put up at public auction at some time in the near future. There being no further business before the Council the body adjourned.

FUNERAL OF MRS. HANBY.

Held Yesterday Morning—Interment at Oakdale.

Sad and impressive funeral services were held yesterday morning at 10 o'clock from the residence of Mr. J. R. Hanby, No. 405 Dock street, in honor of the memory of Mrs. A. J. Hanby, of Myrtle Court, on the Sound, whose death occurred Tuesday at noon. The services were attended by a large number of sorrowing friends and relatives, and were conducted by Rev. Dr. W. H. Milton, rector of St. James' Episcopal church, assisted by Rev. Dr. J. H. Foster, pastor of the First Baptist church.

Following the services at the house, the remains were borne to Oakdale cemetery, where the interment was made. The profusion of beautiful floral designs attested the sorrow on the part of so many friends on the passing of this good woman. The pall-bearers were Messrs. J. O. Reilly, A. M. Sholar, N. M. McEachern and L. W. Moore.

Real Estate Transfers.

Deeds were filed for record yesterday as follows: Dr. Frank H. Russell and wife to Alice P. Smith, for $3,000 and other considerations, lot on Eighth, 66 feet north of Wooster, 132x330 feet in size; Atlantic Shingle, Cooperage & Veneer Co., to Astyptodyne Chemical Company, for $1,000 and other considerations, lot on southwest corner of Front and Wright streets, 66x165 feet in size; Atlantic Trust & Banking Co., to Meares Harriss and Henry Heyer, for $100 and other considerations, lot on southwest corner of 16th and Chesnut streets, 66x155 feet in size; by another deed Meares Harriss and Henry Heyer transfer same property to Mary F. Meares, for $100 and other considerations; S. W. Shepard and wife to C. J. Justice and wife, for $10 and other considerations, lot No. 4, in Block 18, City of Wilmington; S. W. Shepard and wife to C. J. Justice and wife for $10 and other considerations, lot on Second, 133 feet north of Meares street, 40x86 1-2 feet in size.

Canning Factory Busy.

Mr. Moore Thompson, cashier of the Bank of Little River, S. C., accompanied by his wife and little daughter, Eloise, also Mrs. J. S. Brown and daughter, Susie, of that place, came over in Mr. Thompson's touring car yesterday afternoon. They all report a pleasant trip making the run in less than four hours. Mr. Thompson is also general manager of the Little River Canning factory, and says he has to keep his oystermen going day and night as the tide makes right to keep the factory running to its full capacity the entire season in order to fill the orders that he has already booked.

MR. C. M. WEATHERS HOME.

Popular Engineer Rapidly Recovering From Injuries Received in Wreck.

The host of friends of Mr. C. M. Weathers, who was injured in the wreck of the Coast Line pay train at Kelford last week, will be glad to know that he returned to the city yesterday, after recuperating in the A. C. L. hospital at Rocky Mount for a week. Mr. Weathers, who escaped death apparently by a miracle, is rapidly recovering from his injuries, though it will be some time before he will be able to actively move around.

He was accompanied home from Rocky Mount yesterday by Mrs. Weathers and their daughters, Misses Helen and Margaret, as well as several friends, who went up to accompany him home.

There is no more popular railroad man in Wilmington than Mr. Weathers and his hundreds of friends who have rejoiced over his fortunate escape from death in the wreck will be delighted to welcome him home and to congratulate him in person.

NEGROES COMMITTED.

Four More Sent to Jail at Southport by Magistrate.

Magistrate Jackson Johnson, of Winnabow, Brunswick county, has committed to jail at Southport four negroes, charged with assaulting Charlie Johnson, colored, the negro who shot John Baldwin, colored, near the plant of the Town Creek Lumber Company, Sunday, and who is now in jail at Southport pending the outcome of Baldwin's wounds. Johnson himself is suffering from knife wounds given him by Baldwin's friends following the shooting. He may not recover.

The negroes committed to jail are Lonnie Shaw, John Robinson, John Jones and Nathan Troy, all employes of the Town Creek Lumber Company. They will be held pending Johnson's death or recovery, it being alleged that they assaulted and badly beat him following the shooting of Baldwin.

INCREASED CAPITAL STOCK.

Seashore Hotel Company Will Enlarge and Improve Hostelry.

It has been decided to increase the capital stock of the Seashore Hotel Company from $75,000 to $200,000, according to an announcement made following a meeting of the stockholders Tuesday afternoon. Of this amount, however, $100,000 will be held in reserve for future needs and the $25,000 to be used at once will be divided among the present stockholders on a pro-rata basis.

The past season was a most successful one with the Seashore Hotel, and the popular hostelry was unable to accommodate all its friends at times. It has been planned to enlarge the hotel next season, as announced some weeks ago, and it is for this purpose, along with other improvements, that the increase in capital stock was made.

Blaze at Custom House

A blaze in the rear of the Custom House building on Water street, called the fire department out last evening at 9:20 o'clock, the alarm coming in from box 41. The flames had made very little headway when discovered and the damage was not more than $5 or $10. It is thought that the fire started from a cigar or cigarette being dropped in the toilet room.

Funeral of Child.

The funeral of the infant daughter of Mr. and Mrs. A. R. Mott, whose death occurred Tuesday morning, was held from the family residence, No. 414 Castle street, yesterday morning at 10 o'clock. Rev. W. G. Hall, pastor of Southside Baptist church, conducted the services. Interment was in Bellevue cemetery.

Cornerstone Laying

The public is invited to attend the cornerstone laying at Mt. Olive A. M. E. church this afternoon at 2 o'clock, by Giblem Lodge of Masons colored), assisted by the Hanover, New Light and Caution lodges. Rev. J. A. Bonner, principal of Peabody graded school, will deliver the address.

WILSON LEADS IN CALIFORNIA

First Elector on Democratic Ticket Has 144 Plurality

San Francisco, Cal., Nov. 26.—Official returns already canvassed by Secretary of State Jordan from all counties in the State but Los Angeles, Alameda, Inyo and Modoc counties, and unofficial returns from the missing four counties, give Griffin, first elector on the Democratic ticket, a plurality of 144 over Wallace, heading the Republican electoral ticket.

Should the court decision throwing out the entire vote of two Los Angeles county precincts stand, Griffin's lead will be increased by about 200 votes.

Irrespective of that decision, all reports thus far received from Los Angeles have shown Wallace 174 behind Wheeler, second on the Republican electoral ticket in that county. The difference, which must be subtracted from Wallace's strength in the State at large, is sufficient to overcome Roosevelt's earlier plurality.

Wallace's weakness is ascribed to his commutation, while acting Governor, of the death sentence of George Figueroa, a wife murderer, and to it political leaders attribute the fact that on the popular vote Roosevelt and Johnson now seem to have lost California.

Jersey City, N. J., Nov. 27.—"The turkey special," a train of 34 cars containing provisions for 65,80 Thanksgiving tables, reached here last night from Tennessee and practically all the birds will be sold on the New York market before sundown. The shipment is the largest single consignment of birds ever made.

Flagged Train With Shirt.

Tearing his shirt from his back an Ohio man flagged a train and saved it from a wreck, but H. T. Alston, Raleigh, N. C., once prevented a wreck with Electric Bitters. "I was in a terrible plight when I began to use them," he writes, "my stomach, head, back and kidneys were all badly affected and my liver was in bad condition, but four bottles of Electric Bitters made me feel like a new man." A trial will convince you of their matchless merit for any stomach, liver or kidney trouble. Price 50 cents at R. R. Bellamy.

FOR STATE CHAMPIONSHIP

Wilmington and Raleigh High School Football Teams Will Meet at League Park This Afternoon—Fine Game.

Arriving in the city last night 15 strong, the Raleigh High School football squad will meet the Wilmington High School eleven at League Park this afternoon at 3:30 o'clock in a contest to decide the High School championship of the State. The Raleigh boys are full of confidence in their ability to win and according to the Raleigh News and Observer, "should easily make the Wilmington Highs bite the dust," but any student of the local high school would beg to differ emphatically with the author of such a remark, and the Wilmington lads are determined to make the contest a heated one.

The Capital City lads have indeed a fine record, having defeated such teams as Greensboro, Goldsboro and Warrenton by big scores. However, Wilmington has also been going some this season, having, after a hard season, come off victor in all but one contest and this game was played when the team was in very poor condition. The locals in all of their games have put up a stone wall defense, and they feel confident of being able to do as well today.

In the Raleigh line-up will be found names familiar to every follower of the sport in the State, among them being Crinkley, re; Brogden, rt; Denmark, rg; Elias, c; Weathers, lg; Telfair, lt; McDonald, le; Johnson, qb; Mills, rh; Stell, lh; Champion, fb.

Wilmington will put a team in the field which does credit to the city and one in which the faithful and efficient coaching of Prof. H. S. Shaw is very much in evidence. In the line-up will be "Bill" Monroe, le; Capt. Chas. Burnett, rt; "Rat" Herring, rg; "Dutch" Merriman, c; "Happy" Hicks, lg; "Doc" Thames, lt; and Silverman, le. In the back-field are four "vets" "Ditty" Hall, qb; Hashagen, lh; Bob Williams, rh, and Bob Burnett, fb. "Rock" Hall will also probably be seen in the backfield.

Competent officials have been secured to preside over the contest. Mr. Russell, LaFayette, will referee; Mr. Will Shaw, Davidson, will umpire, and Mr. Charlie Lynch will officiate as head linesman. League Park has been put in excellent condition and the playing field has been wired in to keep spectators from interfering with the game. A number of police officers will also be present to aid in this respect. A convenient car schedule has been arranged to and from the park and will be ample to accommodate even the extraordinarily large crowd which is expected will be present.

THE RECORDER'S COURT

Bondsman Pays Forfeiture of $50—Other Cases Yesterday

The pre-Thanksgiving session of the Recorder's court yesterday was unmarked by any features out of the ordinary, the cases, with the exception of one, being of the commonplace variety. The case of J. J. Shepard, white, charged with violating the prohibition law, which has been pending since Nov. 11th, when the defendant was called and failed, and a judgment of ni si sci fa was ordered, was settled by the payment of the forfeiture by Wm. J. Bellamy, Esq., Shepard's bondsman. The amount of the bond was $50. Shepard has been conspicuous by his absence since he was released on bond.

Geo. Brown, colored, was found guilty on a charge of disorderly conduct and was allowed to contribute $5 and costs. Jno. Newkirk, another dusky defendant, was assessed $5 and costs for violating the city driving ordinances.

Three cases against Willie Herring, colored, charging him with carrying a concealed weapon, an assault with a deadly weapon and forcible trespass, were continued until tomorrow, as there will be no session of the court today. A case charging Shade Hicks, colored, with vagrancy, was also continued until tomorrow.

CONTRACT FOR FLAT CARS.

Coast Line Makes Award for 300 for Delivery Beginning March 1st.

Through the office of Mr. R. E. Smith, general superintendent of motive power, in this city, the Atlantic Coast Line has recently awarded the contract for 300 flat cars to be added to the equnipment of the system. The contract went to the Mt. Vernon Car Manufacturing Co., of Mt. Vernon, Ill., and it calls for delivery at the rate of 15 or 20 per day beginning March 1st. These cars are to be of the 80,000 pound capacity, 40 feet length and will be modern in every respect. The total contract will amount to something like $275,000 and a number of bidders were here for the award. Thirty of these cars are to be equipped for logging. The Coast Line is constantly adding to its equipment and this latest award, while not large, is indicative of the policy of the road in equipping itself for handling the traffic in the most adequate way.

Funeral This Morning.

The remains of Mrs. D. W. Mason, whose death occurred at her home in Waycross, Ga., Tuesday morning, were brought to this city yesterday and carried to the home of her daughter, Mrs. I. K. Pinner, at 505 South Second street, where the funeral will be held this morning at 10:30 o'clock. The services will be conducted by Rev. J. A. Sullivan, pastor of Brooklyn Baptist church, of which the deceased was formerly a member, assisted by Rev. W. G. Hall, pastor of Southside Baptist church. Interment will be in Bellevue cemetery.

Mrs. Maria McCord Dead.

Friends were grieved to learn yesterday morning of the death of Mrs. Maria W. McCord, which occurred at her home in the Princess building about 1 A. M. The remains were carried to Charlotte yesterday, and the funeral will be held there today. The deceased is survived by her husband and one child. They will have the tender sympathy of friends in their bereavement.

MUCH TO BE THANKFUL FOR

Thanksgiving Day Will Be Observed As A Real Holiday—Number of Events—Church Services—Poor Remembered

Carrying out a custom dating back through the history of the mightiest country of all the world to the days of the Pilgrim Fathers, Wilmington will today, along with the other towns and cities of the State and Nation, observe Thanksgiving as a holiday, and perhaps not in many years has Wilmington, the State or the Nation had more for which to return genuine and heartfelt thanks to a generous and all-wise Creator.

For the past year has been one marked by unexampled advance in all of those avenues that lead to the enduring good of a people: industries, large and small, have been gratifyingly prosperous: merchants have thriven in city, town and village: workers in all trades have found uninterrupted and remunerative employment: farmers have had unprecedently bountiful returns from their labors, and the churches and educational institutions and all of those agencies that tend to bring the citizenry to a higher and broader and better life have expanded and exerted a greater influence than ever before. And that of all these good things Wilmington has had her share none will deny.

Locally, today will be observed as a holiday in the true sense of the word, for practically all the business houses, public institutions and schools will be closed. Quite a number of events will occupy the attention of the people, among them being services at many of the churches, a football game at League Park in the afternoon and the annual Thanksgiving Day golf tournament at the Cape Fear Country Club. Then, too, a feature that will not be overlooked, and without which the occasion would not resemble Thanksgiving, will be the Thanksgiving dinner, with the noble turkey in the place of honor. Hundreds of the big birds have been shipped into the city during the past few weeks and have been fattening in the pens of the dealers or the coops of the early purchasers in preparation for the feast. All day yesterday delivery boys and wagons could be seen on the streets transporting the turkeys to the homes of purchasers, where today, stuffed and garnished with all the trimmin's they will grace the festive board.

And, as is the custom, hundreds will spend the day in fields and woods, hunting. Many have planned to invade some of the wilds of the adjoining counties in pursuit of deer, turkey, squirrel and other game, while others will not go so far, but will content themselves with the quail and other hunting nearer and more accessible. The hardware dealers of the city have sold large quantities of ammunition during the past several days and if every shot that will be fired today would kill something, very little game would be left. However, such a contingency is little to be feared.

Nor will the poor of the city be forgotten and allowed to spend a cheerless Thanksgiving Day, for the Salvation Army and other institutions and individuals will distribute food and fruits today. The Salvation Army has planned to distribute 50 well-filled baskets to as many worthy families this morning, and yesterday the members of the Eighth grade of the Union school distributed 10 baskets of groceries and fruits to needy families. In several of the churches articles of food, fruits, etc., will be collected and distributed among the unfortunate poor of the city and many charitable individuals have already contributed money or food to needy persons.

In practically all the churches of the city the day will be observed with special services, appropriate to the occasion. St. John's Episcopal church, a Thanksgiving service, with sermon by Rev. W. E. Cox, the rector, will be held at 11 A. M. The offering will be for the benefit of the Thompson Orphanage at Charlotte. Contributions of fruit and like articles are to be placed on the altar and later to be distributed to those in need. At St. Matthew's English Lutheran church a special Thanksgiving service will be held at 11 A. M., with appropriate sermon by Rev. H. E. Beatty, the pastor.

A Thanksgiving service will be held at the First Presbyterian church at 11 A. M., and an offering will be taken for the Barium Springs Orphanage. At St. James' Episcopal church the service will be at 10 o'clock with a sermon by the rector, Rev. Dr. W. H. Milton. The usual offering will be taken and will go for the benefit of the Thompson Orphanage. Members of the congregation and others desiring to make donations are asked to have them at the church before 10 o'clock. The services at Immanuel Presbyterian church will be at 10:30 o'clock. Rev. J. S. Crowley, the pastor, will preach the sermon and there will be special music. The offering will be for the Barium Springs Orphanage.

Thanksgiving service, with sermon appropriate, by the pastor, Rev. A. D. McClure, D. D., will be held at St. Andrew's Presbyterian church this morning at 11 o'clock. An offering will be received for the Synod's orphan home at Barium Springs, N. C. All are cordially invited.

In addition to these, services will be held in a number of the other churches. A cordial invitation is extended by all the houses of worship to those who may desire to return thanks on this day.

Announcement is made by the Tidewater Power Company that cars will be operated on the suburban line every half hour from 2 to 5 P. M. today, the same as on Saturday and Sunday afternoons. None of the regular cars will stop at the baseball grounds. Special service is to be provided for the football game. No freight will be handled on the suburban line today.

Tar Heels and Generals Ready for Gridiron Battle Today

(Norfolk Virginian-Pilot, 27th.)

Trained to the minute, the football squads of Washington and Lee University and of North Carolina Agricultural and Mechanical College will arrive in Norfolk this afternoon for the Thanksgiving Day game at Lafayette Field.

The Downhomers left Raleigh yesterday, but will not come to Norfolk until this afternoon. They stopped off at Elizabeth City to spend a quiet night and will hold secret practice there this morning. The Blue and White squad, accompanied by several hundred rooters, will leave Lexington this morning and come direct to Norfolk, arriving here 7 o'clock tonight. Washington and Lee will make the Lynnhaven Hotel its headquarters and the Tar Heel cohorts will stop at the Fairfax, as they have done for the past few years.

On a special train more than two hundred of A. and M. cadets will arrive in Norfolk early Thursday morning, bringing their band with them. Neither camp is sending out any predictions and football fans are looking for a tight game, with the "Generals" as the favorites in the betting. As yet, few, if any, wagers have been made, and the general opinion seems to be that Washington and Lee will be a 3 to 2 or 5 to 3 choice. On form shown previously, the "Generals" have the edge on the Aggies, but Coach Green, of the Raleigh school, is known to be a wise one and has turned loose more than one surprise.

Thursday night the members of the two teams will be the guests of the Academy of Music to see Charlotte Walker, in "The Trail of the Lonesome Pine."

GOVERNORS' CONFERENCE

Official Programme for Meeting at Richmond, Va., Announced

Madison, Wis., Nov. 27.—The official programme for the fifth Governors' conference to take place at Richmond, Va., December 3rd to 7th, inclusive, was announced here today by Miles C. Riley, secretary of the conference. The programme deals with proposed legislation which will be considered in the various States this Winter. Last year the programme was devoted entirely to the administrative side of government. It was Secretary Riley's plan to have the conference this year devoted to executive topics so that laws of a uniform nature may be enacted in the different States.

Mr. Riley said that from letters he had received he believed about 40 executives would attend.

Governor McGovern, of Wisconsin, will read a paper on "State Income Tax," and the development of inland waterways will be the subject of a discussion by Governor Foss, of Massachusetts, and Governor Dineen, of Illinois.

"Uniformity of Marriage and Divorce Laws" will be presented by Governors Oddie, of Nevada, and Hawley, of Idaho.

Governors O'Neil, of Alabama, and Burke, of North Dakota, will discuss "rural credits," which subject is to be taken up on December 7th at a conference with President Taft at Washington. Governors Eberhart, of Minnesota, and Hadley, of Missouri, will speak on "What the State Can Do to Check the Drift of Population from Farm to City."

S. C. CONFERENCE

Methodists May Adopt New Plan of Selecting Editors

Anderson, S. C., Nov. 27.—Introduction of a resolution providing for a new method of selecting the board of managers and editors of the Southern Christian Advocate was the chief feature of today's session of the annual conference of the South Carolina Methodist Episcopal Church, South.

The Rev. A. J. Cauthen, presiding elder of the Spartanburg district, proposed that the new board of managers be selected by the board of education and that the new board then proceed to elect an editor whose term of office shall be for four years. Heretofore they have been selected by the annual conference.

The resolution was made a special order for tomorrow.

Minneapolis, Minn., Nov. 27.—The annual tournament of the International Bowling Association will take place here in March instead of January, because the alleys could not be completed by the first of the year, when the tournament was originally scheduled to be held.

I wish all an enjoyable Thanksgiving, and desire to thank the general public for the liberal patronage accorded my agency during its first year.

Of interest to a number of friends in Wilmington and elsewhere was the marriage last night at 8:30 o'clock of Miss Dalice Farrow Ketchum, the attractive young daughter of Mrs. E. J. Ketchum, of Wrightsville, and Mr. Augustus White, of this city. The ceremony was performed in Sea Gate Baptist church by the pastor, the Rev. A. C. Chafin, and it was witnessed by a large number of friends and relatives of the young people, who will make their home in this city where they are both well-known and popular.

Asheville Citizen: Mr. and Mrs. John Russell Pope, since leaving Tryon have been at Virginia Hot Springs, where they are being entertained by their friends at the resort. Mr. and Mrs. Livingston Beekman, of New York, who are at Hot Springs in their private car, gave a dinner on the latter, several evenings ago in honor of Mr. and Mrs. Pope. Among others known in Asheville society at Hot Springs is little Miss Eleanor Bright, who is gaining quite a reputation as a golf player, and according to recent accounts from Hot Springs in the New York papers, is a remarkably fine player. Her score in a recent tournament was worthy of a veteran.

KEEN INTEREST IN GOLF TOURRNAMENT FOR TODAY

Interest among the members of the Cape Fear Country Club centers today in the annual Thanksgiving golf tournament and it is expected that in addition to the large number who will participate in the contest, a great many spectators will witness the event. This morning there will be an 18-hole match for men and in the afternoon a nine-hole mixed foursome will be played. Both are handicap tournaments and handsome silver cups are offered by the club as prizes. Prizes will also be awarded the runner-up in each event.

The Thanksgiving tournament is always marked by keen rivalry and it is expected that the links will be crowded and also that the local players will be on their mettle and put up stiff games. A feature of the day at the links will be a luncheon and oyster roast to be served at the club house at noon.

QUIET HOME WEDDING SOLEMNIZED YESTERDAY.

A simple but charming home wedding was solemnized yesterday afternoon at 2:30 o'clock at the residence of Mr. and Mrs. J. J. Mohr, 819 Grace street, when their daughter, Miss Katherine Louise, became the attractive bride of Mr. Henry Goldberger, Rev. F. B. Clausen, pastor of St. Paul's Lutheran church, performing the ceremony.

The wedding was witnessed only by relatives and intimate friends of the bride and groom, and the ceremony, though of the simplest nature, was charming. The bride was given away by her father, Mr. J. J. Mohr.

Following the ceremony Mr. and Mrs. Goldberger left for Florida, where they will spend their bridal tour. On their return in a week or 10 days they will be at home at 814 Grace street. The bride is the only daughter of Mr. and Mrs. Mohr and is a charming and accomplished young woman. Mr. Goldberger is formerly of New York, but has made this city his home for some time. He has a position with the Coast Line and has made a host of friends.

QUIET BUT VERY PRETTY THANKSGIVING EVE WEDDING

Quiet, but withal very pretty and impressive, the marriage of Mr. Frederick Lacy King, son of Mr. and Mrs. E. B. King, of this city, and Miss Lillian H. Taylor, daughter of Mr. and Mrs. A. W. Taylor, also of Wilmington, was solemnized at 6 o'clock yesterday evening at the manse of St. Andrew's Presbyterian church, the pastor, the Rev. A. D. McClure, D. D., officiating, in the presence of a number of friends of the bride and groom. Mr. King was attended as best man by his brother, Mr. J. Thomas King, and the bride was accompanied as maid of honor by her sister, Miss Annie Taylor.

Following the ceremony Mr. and Mrs. King received the congratulations of those assembled and left soon thereafter for the A. C. L. station whence they took their departure on the northbound train for a bridal tour. They will be away ten days or longer and returning about December 10th they will be at home to friends at No. 216 North Second street.

Mr. King is employed in the office of the car accountant of the Atlantic Coast Line in this city and is very popular in a wide circle of friends who will wish for them a long and happy wedded life. The bride is much loved and admired for her many charms of personality and disposition and friends extend their happiest felicitations.

BEAUTIFUL HOME WEDDING SOLEMNIZED LAST EVENING.

The marriage of Miss Lillie Elliotte Emerson, daughter of Mr. and Mrs. Thomas Martin Emerson, and Albert Sydney Williams, Esq., was solemnized yesterday afternoon at 5:30 o'clock at the home of the bride's father in Carolina Heights. The ceremony was impressively performed by the Right Rev. Robert W. Strange, Bishop of East Carolina, and took place in the spacious hall which was beautifully decorated for the occasion.

The bride, attired in a wedding gown of white satin and duchess lace and carrying a bouquet of lilies of the valley, entered with her father and was attended, as dame of honor, by her sister, Mrs Cornelius Van Leuven, who was gowned in pink chiffon over charmeuse, and carried chrysanthemums.

Dr. Pride Jones Thomas acted as best man and the ushers were Messrs. Champ McD. Davis, Thomas H. Wright, John J. Blair and Arthur B. Williams. Two little nieces of the bride, Misses Lillian Emerson and Lillie Van Leuven, were flower girls. They wore white lingerie dresses over pink and carried baskets of tiny chrysanthemums. The bride was the recipient of many wedding gifts from her large circles of friends.

The ceremony was followed by a beautiful reception during which the bride and groom were showered with the congratulations and good wishes of the friends and relatives present for the occasion. Mr. and Mrs. Williams left on the 7 o'clock train for an extended wedding trip.

Among the out-of-town guests were Mrs. Neil D. Emerson of New York; Mrs. E. P. Boatwright and two sons, Greer and Jack Boatwright, of Portsmouth, Va.; Miss Baughman, of Richmond, Va.; Mr. and Mrs. Alexander Hamilton, of Petersburg, Va.; Mr. Henry Walters, of Baltimore; Mrs. George P. James, of Washington, D. C.; Mr. and Mrs. Pembroke Jones, of New York; Mr. Michael Jenkins, of Baltimore; Mr. and Mrs. Hal V. Worth, of Raleigh, and Miss Kate Horner, of Oxford.

MISS LOTTIE W. HURST BRIDE OF MR. CHAS. H. WEST.

Of interest to a great many friends here and elsewhere for the two-fold reason that it was the first ceremony of its kind in the handsome new Memorial Building of St. Andrew's Presbyterian church and because of the popularity of the young people to the nuptial vow, the marriage of Miss Lottie Wilhelmina Hurst, the attractive young daughter of Mr. W. M. Hurst, and Mr. Charles Harper West, of this city, attracted a large number of friends last night at 8 o'clock to witness one of the prettiest weddings of the season.

The ceremony was performed in most happy manner by the beloved pastor of the church, the Rev. A. D. McClure, D. D., the beautiful ring service having been used, the bride having been given away by her father. The beautiful annex to the church was beautifully decorated for the occasion and the wedding march promptly at the hour appointed, announced the approach of the bridal party. Mrs. David Boone, handsomely costumed in blue silk, a sister of the bride, was maid of honor, while the bridesmaids, in gowns of white silk, were Mrs. Bertram Kite and Mrs. W. G. Brinkley, a sister of the bride. The groom's best man was his brother, Mr. John Wallace West, while the only groomsman was Mr. W. L. West, another brother of the groom.

The bride was beautiful in a handsome suit of blue satin and carrying a lovely bouquet of bride's roses. The grouping at the improvised altar was most graceful and Dr. McClure spoke with much impressiveness the solemn words which made the popular young people man and wife.

Following the ceremony the party left in carirages for the home of the groom, No. 609 Brunswick street, where an elaborate reception was given at which Mr. and Mrs. West were showered with the best wishes of their many friends. A large number of handsome wedding gifts gave evidence of the high esteem in which both the bride and groom are held by their many friends. They will make their home in Wilmington where the groom is a well known and very popular linotype operator, having served his apprenticeship and grown up in the "art preservative of arts" in this city. They have the sincerest good wishes of a host of friends here.

PRETTY CHURCH WEDDING JOINS POPULAR COUPLE.

Beautifully decorated with potted plants, smilax, chrysanthemums, and other flowers suggestive of the Autumn season and thronged with many friends and admirers of the young couple, the First Baptist church yesterday evening at a quarter after six o'clock was the scene of a beautiful wedding when Miss Ella Brady, the attractive young daughter of Mr. and Mrs. Robert Henderson Brady, was led to the altar by Mr. Ralph P. Eakins and they were made man and wife in a beautiful service by the pastor, the Rev. J. H. Foster, D. D.

The decorations were by Rehder, the florist, and the church presented an animated scene as the strains of "Here Comes the Bride" filled the large auditorium under the deft touch of Miss Canie Chasten, the organist, who played the wedding marches and rendered suitable music as the guests were assembling.

The bride was attended as maid of honor by her sister, Miss Edith Brady, while the groom's best man was his friend, Mr. Walter Busch. There were no other attendants except the groomsmen, who were Messrs. William Whitney, Leonard Gore, James Shelley and Mr. Griffin.

The bride was beautiful in a becoming costume of white charmeuse, chiffon and pearls and carried a lovely bouquet of lilies of the valley. The maid of honor was pretty in a gown of light blue and chiffon and she carried a beautiful bouquet of chrysanthemums. The groom and male attendants wore the conventional evening dress.

The ceremony by Dr. Foster was pretty and impressive, being according to the solemn rites of the Baptist church, of which both the young people to the marriage vow belong. The service over, the gladsome strains of Mendelssohn's ushered the party from the church, and after receiving the briefest felicitations of the many friends assembled, they drove to the home of the bride and were joined shortly thereafter at the union station by members of the wedding party and other friends who gave them an enthusiastic "bon voyage" as they took their departure on the northbound A. C. L. train for a wedding trip, which will include a stop in Norfolk for Thanksgiving, later leaving for other points. They will be away ten days or two weeks and upon their return to Wilmington will be at home at No. 808 Market street.

Both Mr. and Mrs. Eakins are very popular in a wide circle of friends. The groom is one of the city's most progressive young business men and the bride is much admired for her many charms of person and manner. They carry with them on their honeymoon the very best wishes of a host of friends for a pleasant trip and a safe and early return to the city.

PERSONAL PARAGRAPHS.

—Mr. J. S. Brittain has returned from Charleston, S. C., where he attended the annual fair and great battleship meet. Mr. Brittain made the entire trip in his Chase touring car. The distance was about 1,200 miles and it was made with only three slight tire punctures and no machine trouble of any kind. He has resumed his livery service here.

SUGAR BOWL IS DANGEROUS

Restaurant Sort Great Menace to Health, Says Dr. Blue

Washington, Nov. 27.—Loaded with white squares, heavily germ encrusted, the restaurant sugar bowl is as great a menace to health as any anarchistic bomb ever hurled. Holding this opinion, Surg. Gen. Rupert Blue, of the public health service, declares that proprietors of public eating places should compel their customers to use sugar tongs in removing and never to remove with their fingers.

"Persons with tuberculosis and other contagious diseases," said Dr. Blue today, "are liable to transmit their maladies to others when thus putting their fingers into the bowl. If the open sugar bowl and loaf sugar were abolished it seems that a great source of danger would be done away with."

LOCAL DOTS.

—The British steamer Craigforth, Capt. Jackson, arrived yesterday from Hamburg with cargo of kainit for the Virginia-Carolina Chemical Co. Messrs. Heide & Co., are agents for the vessel.

—John Grady, colored, was arrested last evening by Officer J. R. Minshue on a charge of larceny, it being alleged that he stole some goods from Abramowitz's store on North Fourth street. He was held for the Recorder's court.

—Announcement is made of the marriage of Mrs. Viola Parker, of this city, and Mr. Jasper E. McRackan, also of Wilmington. The ceremony was performed at 7:30 o'clock last evening by Rev. J. A. Sullivan, pastor of Brooklyn Baptist church, at the home of the bride, No. 301 Hanover street.

MANDOT-RIVERS BOUT.

Lightweight Stars to Fight Today at Los Angeles.

Los Angeles, Cal., Nov. 27.—Although Joe Mandot is a favorite in the betting at odds of 10 to 7 over Joe Rivers, in the Thanksgiving day fight here, it was predicted that there would be little choice between the two lightweights tomorrow. Those who have watched Rivers in his preliminary work assert that he is in better condition and faster than ever, although some say he shows erratic judgment of distance. Those in Mandot's camp seem confident of his success.

MRS. LESH ACQUITTED.

Held Not Guilty of Murdering Woman Eight Years Ago.

Sedalia, Mo., Nov. 27.—"Not guilty" was the verdict returned by the jury here today in the case of Mrs. Pancy Ellen Lesh, charged with the murder of Mrs. Elizabeth M. Quaintance, of Green Ridge, Mo., eight years ago. Judge Swain instructed the jury to acquit the woman on the ground that the confession she made was not backed by corroborated evidence.

Mrs. Lesh, in tears, thanked the judge, jury and lawyers. She received the verdict calmly at first, but began to cry when her attorney told her she was free to go where she would. Mrs. Lesh said she would return to Los Angeles and attempt to gain possession of her two-year-old son.

Accompanied by her uncle, Lewis Lutterall, a Texas farmer, Mrs. Lesh left for Jacksonville, Ill., tonight.

BIRD CAUSED DEATH OF TWO.

Nest Blocked Chimney—Stove Fumes Kill Man and Wife.

Mount Zion, Ill., Nov. 26.—A last Summer bird's nest caused the deaths here today of Henry Scott and his wife. The nest blocked a chimney flue and when a gas stove was lighted in the couple's bedroom the fumes were forced back and they were asphyxiated. Scott was 48 years old and his wife six years his senior. They were married last August.

YOU NEED S.S.S.

Every sufferer of Rheumatism needs S. S. S. because this great blood purifier is a certain cure for the painful disease. Rheumatism is caused by an excess of uric acid and other corrosive, irritating impurities in the blood, which are carried through the circulation to the different portions of the system. This acrid matter coats the nerves, muscles and joints with a fine, caustic deposit and the sharp cutting pains or dull, constant aches are produced. S. S. S. cures Rheumatism because it is a perfect blood purifier. It goes into the blood, neutralizes the acids, and dissolves the irritating particles and forces them out of the system through the natural excretory channels. Then all inflammation and swelling subside, the pains and aches cease, and not only is Rheumatism permanently cured but under the tonic effects of S. S. S. the entire health is benefitted and built up. S. S. S. reaches inherited cases as well as those which have been acquired, and good results always follow its use. S. S. S. is an absolutely safe remedy because it contains no strong minerals to damage the system. It is made entirely of roots, herbs and barks. Book on Rheumatism and any medical advice free to all who write and request same. S. S. S. is for sale at leading drug stores.

COTTON REACHED HIGH MARK

In the Most Active and Exciting Day Of the Season Prices Made New Records—Close Steady and 15 Points Up

New York, Nov. 27.—It was the most active and excited day so far for the season in the cotton market, and prices made new high records, with March contracts selling at 12.92, or within 8 points of the 13-cent level, and about $12 per bale above the low level of the season. The close was several points off from the best, under realizing for over the holiday tomorrow, but last prices were steady, net 15 points higher to three points lower, generally 12 to 15 points higher, only a couple of the remote deliveries being lower.

The opening was firm, at an advance of 5 to 15 points, and active positions sold from 11 to 18 points above the closing figures of last night, during the early trading. Firm Liverpool cables, continued bullish trade advices and the spread of small crop estimates seemed to account for the advance which reflected an active general buying movement.

Realizing, however, was extremely heavy, with indications that some of the houses which had been persistently bullish were reducing their long lines. There was also some local selling for a turn encouraged by the hope of a pre-holiday reaction and prices eased off to within two or three points of yesterday's closing figures late in the forenoon. Offerings appeared to be absorbed very readily on a scale down, with foreign houses big buyers here for the purpose of undoing the short end of various straddles, and the market firmed up again after midday on the demand from this source, a broadening outside buying movement and covering by early sellers for a turn who were probably influenced by the big exports, and rumors that the National Ginners' Association estimated the crop at 13,700,000 bales. Active months sold at a net advance of 20 to 24 points on this bulge, but the near approach to 13 cents brought out a great deal of long cotton and last prices were 8 to 10 points off from the best.

Spot closed steady. Middling uplands, 13.10; middling gulf, 13.35; sales, 30 bales.

Cotton futures closed steady.

STOCK OPERATIONS MARK TIME

Market Apathetic and Steady In Face Of the Unfavorable Position of Money—Small Amount of Liquidation

New York, Nov. 27.—Stock exchange operators marked time today. The characteristics of the market were its apathy and steadiness in the face of the steady unfavorable position of money. Traders deemed it hazardous to enter upon new ventures owing to the tension in money, but at the same time there was no pressure to sell. The result was inertia. The attendance on the floor of the exchange was small and trading was reduced to a low point. The approach of the Thanksgiving holiday was partly responsible for the dullness. There was some pressure on Canadian Pacific and Reading, and Lehigh Valley sold off just before the close. Rubber and General Electric were strong. Otherwise, fluctuations of stocks were insignificant.

Money was easier today, with a maximum of 9 per cent for call loans. This was the opening rate at which renewals were made, and from this point quotations declined until before the close, when there were offerings at 4 per cent. This center was called upon for nearly $2,000,000 gold for shipment to Canada and San Francisco. The movement to Canada, which absorbed the greater part of the gold, was ascribed to preparations on the part of the Canadian banks for the quarterly statement as of November 30th.

The comparatively small amount of liquidations in stocks induced by high money rates is accepted as an indication of Wall Street's inclination to take a hopeful view. One factor, doubtless, has been the persistently optimistic view held in the street as to the outcome of the Balkan war and the broader political situation in Europe.

Traders are also influenced by the belief that the revival in the country's business will make itself felt on the stock exchange, once the war crisis is past, and the strain in money is relaxed.

Trading in bonds was relatively larger than in stocks. Distribution was good and prices were well maintained. Total sales, par value, $1,522,000. United States bonds unchanged on call. Total sales, 152,600 shares.

GOV. DIX PARDONS ALBERT T. PATRICK

(Continued from Page One.)

ment," he asserted, "is greater and more horrible to endure than the death penalty prescribed by law for murder in the first degree."

Appeals now are pending in the Court of Appeals on technicalities raised by the convicted lawyer, who, surrounded by law books in his cell, has resorted to every legal means to gain his release.

The granting of a pardon by the Governor restores him to citizenship.

Brother Expected It.

St. Louis, Nov. 27.—John T. Milliken, brother-in-law of Albert T. Patrick, and millionaire manufacturer of this city, who has spent a fortune in defending the New York attorney and in endeavoring to obtain his release after his conviction, said tonight:

"The action taken by Governor Dix is not wholly unexpected by me. I met the Governor at his country home last Summer and had a brief interview with him about the great injustice that had been done to Mr. Patrick. He assured me he would take the matter up and give it his closest attention and that I could depend on his doing what was right and proper.

"What I have done for Mr. Patrick, has been done for no other reason than it was my duty to my family and because I was satisfied of his innocence.

"No one who has not had such a fight can realize what I have gone through, but I never doubted that right would prevail in the end. I am satisfied Mr. Patrick, with his freedom will be able to vindicate himself. He was convicted on a crime that he never committed. He has suffered mental torture such as few men have ever endured."

Patrick Unaware of Pardon.

Ossining, N. Y., Nov. 27.—Albert T. Patrick was not informed tonight of the fact that he had been pardoned. Warden Kennedy, of Sing Sing prison, was absent when reports were received of the Governor's action, and as reports were unofficial, it was decided not to tell Patrick. The official papers are in the mail, and will probobly reach the prison early tomorrow.

ARCHBALD TRIAL

Deputies Summoning Witnesses In Federal Judge's Case

Washington, Nov. 27.—The sergeant-at-arms of the Senate today sent a squad of deputies scurrying about the East to summon witnesses for the impeachment trial of Judge Robert W. Archbald, of the Commerce Court. A list of 48 witnesses for the trial was furnished by the House managers of the Archbald proceedings after an extended conference.

The House managers are still in doubt as to the date of the opening of the trial before the Senate, but they hardly will be able to start before Wednesday.

The Senate is expected to adjourn Monday without the transaction of business, out of respect to the late Vice President. On Tuesday the body will adjourn out of respect to members who have died during the recess of Congress, Senators Heyburn and Rayner.

Of the 53 witnesses who testified before the House Judiciary Committee, the House managers have ordered 48 summoned to appear before the Senate. This extended list of witnesses examined under the involved, prolonged rules of the Senate, may drag out the time for the trial beyond the holiday recess.

Many of the witnesses ordered summoned for the trial were from Scranton, Pa., the home of Judge Archbald. Included in the list sent to the sergeant-at-arms of the Senate, were:

James Archbald, Jr., Pottsville, Pa.; George F. Baer, president of the Philadelphia & Reading Railroad Company; C. G. and W. P. Boland, of Scranton; Wrisley Brown, of the Department of Justice; Inter-State Commerce Commissioner B. H. Meyer; William H. Tresdale, president of the Delaware, Lackawanna & Western Railroad.

TO EXAMINE RECORDS.

Thanksgiving Day Session Will be Held in Harvester Suit.

Chicago, Nov. 27.—A Thanksgiving Day session of the Chicago hearing in the Federal government's suit to dissolve the International Harvester Company will be held tomorrow to examine records of the company. Investigators sat this afternoon for four hours waiting for the arrival of documents which Harvester officials were reported assorting out from the company's files.

The government attorneys expect to obtain from the documents proof that the Harvester sales committee met to fix prices of harvesting and agricultural implements. Edwin P. Grosvenor, the government prosecutor, at once put R. C. Haskins, president of the International Harvester Company of America, on the stand when the papers were brought in shortly after 5 o'clock.

Mr. Haskins said he believed he could identify the papers and that they were all that had ben asked for. Unless unexpected developments arise during the extra session tomorrow morning the inquiry will move to St. Louis, where it will be continued Friday.

Philadelphia, Nov. 27.—A Pennsylvania passenger train bound from Philadelphia to Pittsburg, was derailed near Glenloch 30 miles from here at 11:40 tonight. A day coach, three sleepers and one of the two locomotives left the track. Railroad officials here have no details.

THREE MEN IMPLICATED.

Coroner's Jury Returns Verdict as to Jonesboro, Ga., Murder.

Jonesboro, Ga., Nov. 27.—Three men were implicated in the death mystery of John King, the planter, whose burned and charred body was found in the ruins of a small hut near here, in the verdict of the coroner's jury returned here today.

Recommendation was made by the jury that Wiliam Lee, a young planter, be held on the charge of murder and that William Edwards and William Henderson, both middleaged farmers, be held as accessories to the fact. The three men have been in the local jail for several days pending the result of the investigation. Evidence which resulted in the decision to hold the men is said to have been obtained by a woman detective connected with one of the National agencies. She represented herself as the wife of a mining prospector and soon became familiar with persons who were believed to be able to give valuable evidence, but feared the enmity that would result.

King's body, almost unrecognizable, was found in the ruins of a small frame building near the Hebron Primitive Baptist church on Sunday, November 17th. It is the theory he was murdered as the result of a quarrel occasioned over a card game. Medical experts who examined the body and testified before the coroner's jury expressed the opinion that King was first killed by a blow on the right side of the head and his clothing was then saturated with kerosene and then set on fire in the hope that the body would be entirely cremated and the evidence of the crime concealed.

King was married and had a family.

SUES NAVAL OFFICERS

W. W. Dickey Alleges He Was Humiliated Before Comrades

Norfolk, Va., Nov. 27.—Alleging that he was manacled before his comrades and otherwise humiliated when no specification of charges had been furnished as provided by naval law, W. W. Dickey, a naval commissary steward, whose official dealings with provision contractors have been the subject of inquiry, today filed suit here for $25,000 damages against five prominent naval officers.

The defendants are Captain John G. Quinby, of the receiving ship Franklin; Captain H. McL. P. Huse, of the battleship Vermont; Rear Admiral R. M. Doyle, commanding the Norfolk Navy Yard; Captain Rogers Welles, of the battleship Louisiana, and Captain Arthur T. Marix, commanding the marine company of the Louisiana.

Habeas corpus proceedings for the release of Dickey were dismissed today by Federal Judge Waddill.

POISONED IN PITTSBURG

Stores From Which Provisions Were Purchased Subject to Inquiry

Pittsburgh, Nov. 27.—Mrs. Margaret Fahey, mother of the child who died last night from ptomaine poisoning which affected 30 or more persons in one section of the city, was reported at the hospital this morning as being out of danger.

John Stein, another victim, was unconscious, but attendants said he was out of danger while 25 or more other persons were in various stages of convalescence.

Officers of the coroner's office investigating the sickness were mystified. The families were of the poorer classes and the persons affected were those who partook of the evening meal.

This in a number of households consisted of cabbage, boiled potatoes, bologna and bread, with meat warmed over from midday. Investigation today was being confined to the stores from which the provisions came.

RAYNER LAID TO REST.

Dignitaries Attend Last Sad Rites Over Maryland Senator.

Washington, Nov. 27.—President Taft, representatives of the diplomatic corps here, members of the cabinet, the United States Supreme Court and both houses of Congress, Governor Goldsborough and other Maryland State officials attended the funeral services here today of the late Senator Isador Rayner, of Maryland, who died here Monday. The Rev. U. G. B. Pierce, chaplain of the Senate, delivered the funeral sermon at the House, where the principal services took place. Brief ceremonies were conducted at the grave in Rock Creek cemetery, where interment was made. Members of the Senate and the House acted as honorary pall-bearers.

TWO DRINK FATAL COCKTAIL.

One Convict Dead at Auburn and Other Likely to Die.

Auburn, N. Y., Nov. 27.—A "cocktail" which two convicts in the State prison prepared and drank caused the death of one of the men and drove the other into convulsions which today threatened to result fatally.

The convicts, Walker King and James F. Curtis, mixed the fatal drink from a quantity of wood alcohol and other liquids used in the prison furniture shop. King prepared the "cocktail" and to assure his fellow prisoner he had faith in the mixture drank the first glass of it. He described it as "fine" and Curtis drank of it, too. Both of them were soon in convulsions.

Cleveland, Ohio, Nov. 27.—Johnny Kilbane, featherweight champion, today made known why he will not fight Eddie Morgan, the English boxer, for the world's championship at San Francisco on New Year's day. The champion expects the stork to visit his home in February and declares he would not leave Mrs. Kilbane at this time for the fattest stake ever offered. Kilbane was tendered a purse of $7,500 to meet Morgan.

PORTO RICO'S NEW WONDER.

From far away Porto Rico come reports of a wonderful new discovery that is believed will vastly benefit the people. Ramon T. Marchan, of Barceloneta, writes: "Dr. King's New Discovery is doing splendid work here. It cured me about five times of terrible coughs and colds, also my brother of a severe cold in his chest and more than 20 others, who used it on my advice. We hope this great medicine will yet be sold in every drug store in Porto Rico." For throat and lung troubles it has no equal. A trial will convince you of its merit. 50c and $1.00. Trial bottle free. Guaranteed by R. R. Bellamy.

tion toward Belgrade. The dispatch says that the uncompromising attitude of Austria has stiffened since yesterday.

Recall of Troops Demanded.

Belgrade, Servia, Nov. 27.—The recall of the Servian troops from the field of operations in Turkey is demanded by the newspapers here so that they may be available to defend the Servian frontiers against attack.

Austrian Subjects Reporting

Frankfort-on-the-Main, Ger., Nov. 27.—Austro-Hungarian subjects living here who belong to the army reserve have received orders to report to their regiments. Money has been sent to them to pay their railroad fares as far as the frontier.

Austrians and Hungarians employed in the German mining districts have received similar orders.

Germany Prepares for Worst

Berlin, Nov. 27.—Provision against the possibility of the outbreak of war has been made by the German government, according to the Socialist newspaper Vorwearts.

In discussing the new budget, the newspaper points out that the item of $31,500,000 entered as for the general finance administration "is really intended to pay for the enormous reserves of clothing and provisions for men and beast which the army and navy have accumulated against the possible outbreak of war." This conclusion is derived from what is already known as the current budget. The total increase in army and navy expenditures is, therefore, $45,750,000 instead of $14,250,000 as stated by the government.

Adrianople Severely Afflicted

Mustaphat, Turkey, Nov. 27.—Fire, famine, flood and anarchy afflict the besieged Turkish fortress of Adrianople, according to reports brought here by fugitives from that city. Those refugees who have managed to escape through the lines of investment, which are being drawn closer every day around the Turkish stronghold, declare that many buildings in the vicinity of the Selim mosque are on fire. Other districts of the city are deeply inundated with the waters of the rivers Maritza, Tunga and Arda, which have overflowed their banks.

The civilian population is declared to be short of food and among some classes a state approaching anarchy exists.

Recruits for Bulgarians.

Sofia, Nov. 27.—Several thousand Bulgarian recruits of the 1912 class have left the capital for the front in the last three days, thus refuting the statements published abroad that Bulgaria has sent her last man to the war area. The recruits were well equipped and in high spirits.

Bulgaria, the government newspaper Miru says, is better prepared for war than at the beginning of the Balkan outbreak.

American Citizens Safe.

Washington, Nov. 27.—All American citizens in Asiatic Turkey are safe and unmolested, according to reports to the State Department by Consul General Hollis at Beirut, Syria.

Tennessee Reaches Malta.

Washington, Nov. 27.—The United States cruiser Tennessee has reached Malta, according to advices to the Navy Department today. After a short stop at the British coaling port she will proceed to Smyrna, Asiatic Turkey, to protect Americans and American interests there.

EDUCATIONAL RENAISSANCE

Dr. Fairchild Predicts Revival at N. C. Teachers' Assembly

Greensboro, N. C., Nov. 27.—Declaring that the shibboleth of the 20th century shall be vocational training, especially in the rural school, Dr. E. T. Fairchild, president of the National Educational Association, predicted an educational revival while addressing the 29th annual session of the North Carolina Teachers' Assembly, which convened here tonight. Dr. Fairchild said of the 25 million school children in the United States 14 million are in the rural districts, and only 25 per cent of these will finish the grades. He criticised present rural schools for inherent defects and said the oncoming education will not make the text book paramount, but rely largely on the personality and keen insight of the teacher. He declared the present to be an educational renaissance.

NEWSIE'S SACRIFICE SAVED HER.

Girl Who Got Tissue From Billy Rugh's Crippled Leg Recovered.

Gary, Ind., Nov. 27.—Ethel Smith for whom the life of "Billy" Rugh, Gary's heroic newsboy, was sacrificed that she might recover from burns suffered in a motorcycle accident, left the hospital today and returned home.

Her life was despaired of until crippled "Billy" Rugh offered to go on the operating table and furnish the live tissue necessary to save her. The skin grafting restored the girl to health, but Rugh died from pneumonia, the result of the amputation of the crippled leg.

"I wish 'Billy' could have lived," said Miss Smith, as she left the hospital.

GAS FOR SUMTER.

New $75,000 Plant Put in Commission in Game Cock City.

Sumter, S. C., Nov. 27.—Today at 5 o'clock gas from Sumter's new $75,000 plant was let into the system of mains stretching throughout the city, and within the course of a very few days hundreds of Sumter people will have known the benefits and conveniences derived from having gas in their homes.

The plant, of which Sumter is deservedly proud, is one of the finest in the entire South; its value is $75,000 and the managers of the company state that the plant can easily supply the wants of a city of 30,000 inhabitants, the purpose of building a plant of this capacity being, of course, that they expected Sumter to reach the 30,000 mark at no very distant date.

If the newspapers should drop Roosevelt, he would be almost forgotten in four years. It is publicity which has helped to make him great.—Savannah News.

HOME IN WHITE HOUSE.

Mrs. Perin Cothran Invited to Make Home With President.

Washington, Nov. 27.—When Gov. Wilson becomes President of the United States the halls of the White House for the first time in 15 years will resound with the laughter and prattle of an "administration" baby. The baby is little 16-months-old Josephine, the daughter of Mrs. Perin Cothran, of Raleigh, N. C., a favorite niece of the next President. Governor and Mrs. Wilson are said to have invited Mrs. Cothran to make her home in the White House during the four years from March 4th next.

Virginia, the three-year-old daughter of Joseph Wilson Howe, of this city, a nephew of the next President, also probably will assume the role of little Josephine's playmate. Mrs. Cothran, who is only 22 years old, is expected to prove not only a conventional but an entirely congenial chaperon for the three daughters of the President.

OVER OUR DENTAL WORK we exercise a jealous care. To permit a case to go from here not perfectly completed would be as harmful to us as to you.

YOUR TEETH ARE IMPORTANT factors in the preservation of your health. Their good condition is just as important to our professional reputation, if you entrust them to our care. So we simply have to do the very best work.

Sixth year of successful practice. There's a reason.
